

Fraternity & Sorority Life

University of Northern Colorado Panhellenic Code of Ethics

We, the undergraduate members of women's Panhellenic fraternities at the University of Northern Colorado, unanimously agree to:

- Live by the tenets of the Panhellenic creed and National Panhellenic Conference Unanimous Agreements.
- Have all actions be classified as: Good or bad, right or wrong, appropriate or inappropriate
- Improve the development of Fraternity & Sorority Life, now and in the future, by maintaining friendly relations with all collegiate women, Greek and unaffiliated.
- Plan all recruitment programs with the intention of providing opportunities for the greatest number of collegiate women to become a member of our Greek community.
- Work together to strengthen and expand the UNC Greek Community.
- Ensure each chapter maintains an equal environment and assist and support all chapters at all times.
- Act in a mature manner, be honest and open to communication.
- Be responsible, cooperative, trustworthy and respectful of diversity amongst our Greek community.
- Lay aside competition in order to strive for respect, mutual trust and cooperation.
- Act in a way that reflects our founding values and models true sisterhood.

Above all else, respect each other and abide by the Golden Rule. To enrich our Greek community, we will educate all members to be accountable for their actions and uphold this code of ethics and a positive image of Fraternity & Sorority Life.
