

How to set up you Bear mail to send you text message notifications.

Text Messaging

Choose the locale and mobile operator for your mobile phone.

Text Messaging

A passcode will be sent to your phone in a text message. Normal messaging rates will apply.

Enter your phone number and click Next.

+1 9705551212

A passcode has been sent to your mobile phone in a text message. Enter that code below, and then click Finish.

Passcode:

1234567

[I didn't receive a passcode and need it sent again...](#)

A screenshot of a mobile application interface. At the top, there are two tabs: "Mobile Phones" and "Text Messaging". Below the tabs, the "Text Messaging" section is active. It contains the text "Text Messaging lets you send text message notifications to your mobile phone." and "Notifications: Receive notifications at 9705551212". There are two links: "Change notification phone number..." and "Delete Settings...". At the bottom, there is a large, colorful "Done!" button with a shadow effect.

How to get text message alerts when you receive Bear Mail messages (Alternate method)
