MED 599 ACTION RESEARCH PROJECT

Assignment 11 – Implications for Personal Practice

The goal of this assignment is to provide an opportunity to begin the discussion of the results of the data analysis with respect to your personal practice.

Part 1 Reading: The purpose of the reading is to introduce you to the idea of action planning for educational change.
  • Read Chapter 7 from Mills (2007).

Part 2 Reflection: The purpose of this activity is to reflect on the results of the data analysis.
  • Write about whether the results were expected or not.
  • Write about how the results impact your educational beliefs.
  • Write about whether the results are compelling enough for you to permanently change your practice.
  • Write about a new plan of action based on the results of your project.

Format Requirements
  • Please submit your discussion of your results with respect to personal practice. It should be typed and double-spaced in an appropriate font.
  • Please include a cover page with your name, the date, the course number and credit number, the assignment number, and your current area of focus.
  • The file name for your assignment should be Assign11.Name where Name is your last name (e.g., Assign11.Powers)
  • You may submit the assignment via Blackboard or e-mail.
