**BE PART OF AN ACTIVE, COOPERATIVE,  
DEPARTMENT AND PROGRAM**

The Educational Mathematics program at UNC combines graduate mathematics preparation with advanced course work and research in mathematics education. This innovative Ph.D. program prepares scholars who can: perform research in K-16 mathematics education, teach college level mathematics and prepare and work with K-16 mathematics teachers.

**CONTACT US:**

Department of Mathematical Sciences  
College of Arts & Sciences  
Campus Box 122, Greeley, CO 80639-0098  
Phone: 970-351-2820

**JOIN THE NATIONAL EFFORT TO IMPROVE  
MATHEMATICS EDUCATION AT ALL LEVELS.**

Connect with a dynamic group of mathematics educators, mathematicians and students who work with preservice and inservice teachers. Study the teaching and learning of collegiate mathematics. Collaborate in regional and national reform efforts. Prepare yourself to teach mathematics and mathematics education in a college or university mathematics department, or to work in schools or other educational institutions.
