Parking

Parking at the University of Northern Colorado can be challenging. The parking lot adjacent to the University Center is available to recruiters for parking. Since parking is limited we **STRONGLY** recommend arriving for Career Fair before 9:45 a.m. You will receive a parking pass upon arrival at the University Center. Just pull into the Recruiter Drop-off area and tell parking staff on hand that you are an employer attending Career Fair.

The Career Services Office is not responsible for any parking violations that you receive while attending the event; it is your responsibility to verify valid parking areas with posted signs or an appropriate police or parking official.
