State Employees Charitable Giving Campaign
2011 Resource Guide & Directory

www.colorado.gov/ccc

Dear Fellow State Employees:

I am pleased to serve as the Honorary Chairman of the 2011 Colorado Combined Campaign. I believe in the importance of the charities it supports, and I also believe in the importance of giving.

As the world grows increasingly complex, the challenges we confront can sometimes seem overwhelming. But the reality is that we each have the power to make a positive difference in the world by contributing our time and financial resources to those causes which are most meaningful to us. The power of individual charitable contributions cannot be overstated — more than 75% of all charitable giving is from individual donors.

The Colorado Combined Campaign serves as an excellent mechanism to encourage and manage individual donations. Consider these facts as you think about your charitable giving plans for the year:

- The Combined Campaign allows you to direct your gifts to one or more of the 700 charities listed in the Campaign's directory.
- Your contributions are tax deductible and can be made by payroll deduction, cash, check or credit card.
- Many charities particularly appreciate giving made through the Colorado Combined Campaign, since it helps them reduce their administrative costs by allowing them to process a single check from the campaign rather than numerous smaller checks from individual contributors. They also benefit from knowing early in the year what their revenue from pledges will be and can plan their programs accordingly.
- During these difficult economic times, charities particularly need our financial support.

Since the Campaign was established over 20 years ago, it has raised well over \$20 million dollars to support non-profit agencies in our communities. Over the years, state employees have shown an incredible depth of compassion and generosity in their contributions to the campaign, and I am sure this year will continue that tradition of generosity.

I once read a great quote by the philanthropist Sir John Templeton, who said, *"The best investment with the least risk and the greatest dividend is giving."* I hope each of you will do what you can to invest in our communities by making a donation through the Colorado Combined Campaign.

Together, we can make a difference.

M. W. Scoggins
President, Colorado School of Mines

CCC – A Combined Campaign of Federations and Service Organizations

Fellow State Employees Worked Hard to Raise Almost \$1.2 Million for Colorado Nonprofits

The Colorado Combined Campaign is a combined campaign of nonprofits and state service organizations. State service organizations are individual Colorado

nonprofits that work with a state department or higher education institution. CCC was founded by an executive order of the Governor, which sought to create one entity offering state employees the option to donate to local nonprofits. These nonprofits go through a rigorous application process, meeting the highest industry standards.

Lead Coordinators Play “Minute To Win It” Games at Annual Thank You Event

Did you know that the Colorado Combined Campaign is overseen by your fellow state employees? The CCC advisory committee is a group of 20 state employees appointed by their agencies’ executive directors. The employees who are responsible for running the campaign are lead coordinators, who are also appointed by the executive directors. The leads ensure each employee has an opportunity to give by distributing pledge forms, resource guides, encouraging paperless giving, and collecting donations. Many set up meetings with charity speakers and plan other social events. Lead coordinators with larger campaigns enlist additional coordinators. As your contact, your lead coordinator is trained to answer most of the questions you may have about the campaign.

Going Green

State employees now have the opportunity to make their pledge electronically.

Convenient, highly customized and user-friendly, you have an online pledging site created just for Colorado State employees. This pledge tool is an efficient way to manage and administer your workplace giving campaign. This is a secure site, with the use of encryption technology to protect sensitive data. To make your contribution electronically go to <https://donor.united-e-way.org/?campaign=ccc11>

New Volunteer Opportunities

The Colorado Combined Campaign supports and promotes volunteer service of all state employees. With furlough days becoming a part of our professional life; may we suggest that any one of those days be dedicated to community service? Many of the nonprofit agencies we support are facing an unusually difficult time meeting the increased demand on their services. Choosing to work individually or with a group you can help the nonprofits meet some of this demand. If you are interested in dedicating a day of service, please call Mel Rael at 303.561.2392 to see how you can make a difference through your time and talent. Thank you for helping to "Create a Better Colorado."
