GRADUATE PRACTICUM II MANUAL  
Clinical Mental Health and School Counseling Programs

INTRODUCTION
This manual includes requirements and procedures to be followed by those involved in working with Practicum II students on location in schools and community agencies. Its primary purpose is to formalize and enhance the arrangements among the professional counseling program faculty, faculty and doctoral student supervisors, practicum on-site supervisors, and graduate student counselors enrolled in practicum at the University of Northern Colorado. The practicum activities and requirements are based on the American Counseling Association (ACA), the American School Counseling Association (ASCA) and the guidelines of the Council for Accreditation of Counseling and Related Educational Programs (CACREP, a corporate affiliate of the American Counseling Association), Colorado licensure requirements, the National Board for Certified Counselors (NBCC) standards, and professional counseling program faculty recommendations.

We realize that a practicum site may not be able to provide access to all the activities desired by the student because of the differences that exist between individuals and institutions. The practicum agreement will document the activities that can be provided at that site and supervised by the signatory. The purpose of the practicum agreement is to provide a uniform practicum experience for students, as well as guidance for supervisors entrusted with providing clinical and administrative supervision.

TERMINOLOGY
This section provides the student and site supervisor a list of commonly used terms and phrases.

<table>
<thead>
<tr>
<th>Practicum Student</th>
<th>A student in good standing who is enrolled in APCE 619, possesses professional liability insurance, and has executed a practicum agreement with a site or sites.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Site Supervisor</td>
<td>A licensed mental health practitioner with at least 2 years of supervisory experience who has signed the practicum agreement and who will provide formal weekly (one-hour) face-to-face clinical supervision, oversight, evaluation, and mentoring to the practicum student.</td>
</tr>
<tr>
<td>University Practicum Supervisor</td>
<td>A UNC faculty member who is the primary contact for the student and for the site supervisor. This person conducts student site visits and supervises one hour of individual supervision and an average of 1.5 hours of group supervision weekly. Individual supervision may be with an advanced doctoral student, under faculty supervision.</td>
</tr>
</tbody>
</table>
Practicum Agreement

A formal, legal document that is executed between the University, the practicum student, and the practicum site. This document enumerates the duties and expectations of all parties and institutions. This document is the formal agreement for the services to be provided by the practicum student, the site and the University Practicum Supervisor.

Practicum Prerequisites and Co-Requisites

Identified courses within the students program that must be completed prior to, or concurrent with, engaging in the APCE 619 (Individual Practicum II) experience.

Direct Hours

Hours in face-to-face or direct contact with the client (may include therapeutic phone calls). These hours do not include client or case staffings where the client is absent.

Indirect Hours

Hours completed that contribute to the client’s treatment (record keeping, case staffings, consultation with other providers, and paperwork) and to practicum student development (workshops, staff development, staff meetings, and readings related to client needs). This cannot include travel time or time with the University Practicum Supervisor.

Individual Clinical Supervision

The weekly one-on-one supervision with the site supervisor of record. Students must receive an hour a week of formal individual supervision by the site supervisor. Students may also engage in group or triadic supervision to add to, but to not replace individual supervision. Supervision is logged as an indirect hour or hours.

Group Supervision

Students are required by CACREP standards to attend group supervision with the University Practicum Supervisor (an average of 1 ½ hours per week). This supervision may be done in more intense formats (3 hours every other week) and must occur on a regular basis. Individual supervision with the University Site Supervisor cannot be substituted for group supervision.

Doctoral Student Supervisor

An advanced doctoral student who is supervised by the University Practicum Supervisor for provision of individual supervision of practicum students.

PRACTICUM POLICIES

Sequence and Schedule Requirements

Practicum II is field-based. Practicum II is viewed as a scaffolded experience to be completed after the successful completion of Practicum I and prior to registering for, and the completion of Internship hours. See the catalog for specific pre-requisites. Practicum II on-campus is a semester-long experience, and a semester-long commitment to the practicum site. Practicum II in Denver and Colorado Springs is a minimum of a 10 week experience, and a minimum of a 10 week commitment to the practicum site. For all students, the practicum experience consists of a minimum of 8 hours and a maximum of 12 hours per week.
Qualifications

No Practicum II experience will be approved for which the student has not been academically prepared. Student readiness to enter 619 will also be considered.

Unsatisfactory Evaluations

In the event the on-site Practicum II supervisor gives a student a negative or unsatisfactory written evaluation, the Practicum II instructor will advise the Professional Counseling Program Faculty (PCPF) of the concern and request that there be a discussion during a faculty meeting. The PCPF, along with the Practicum II instructor, will arrange for a meeting with the student in order to review his or her specific situation. The PCPF, along with the Practicum II instructor, will determine if the student may continue in Practicum II, if the student should receive a grade of unsatisfactory, and if the student will be required to do additional practicum hours. Appropriate courses of action will be established.

Professional Counseling (PC) students who receive a grade of unsatisfactory or who withdraw must have written permission from their Practicum II instructor and the program academic coordinator to be permitted to enroll again for Practicum II. The Practicum II instructor and the program academic coordinator will determine when the student may retake the course. If the coordinator and the instructor are the same individual, the Professional Counseling Program Faculty will appoint a second faculty member.

Ethical Behavior

Students are expected to demonstrate the highest level of ethical behavior, as set forth by the American Counseling Association (ACA) and the American School Counselor Association (ASCA). Unethical behavior will not be tolerated and will be considered cause for dismissal at any time during the student's program. If students encounter ethical dilemmas or ethically questionable behaviors they are to address concerns with their site supervisor and university supervisor.

Concurrent Employment

The Professional Counseling Program Faculty has adopted a policy that prohibits the selection of a practicum site in which the student is currently or has been previously employed.

Student Liability Insurance

All students registered for practicum must provide documentation of professional liability insurance. This insurance may be obtained privately. However, the American Counseling Association (www.counseling.org) and the American School Counselor Association (www.schoolcounselor.org) provide student liability insurance as a benefit of student membership in the organization.
Distance Restriction for Practicum II Sites

Practicum II sites must be under 60 miles of your home campus. Students who wish to arrange a placement more than 60 miles from campus and/or out of state must submit a formal request, including justification to the faculty. Applicants are advised that (1) out of area internships are rarely authorized, (2) two-thirds of the faculty must approve these requests, and (3) that requests will be reviewed in conjunction with the timeline for new site approval requests.

Minimum Requirements for Practicum II

Practicum sites must be able to accommodate the following minimum requirements (NOTE: Combined hours between Practicum I and Practicum II must equal, at a minimum, 40 hours of direct service and 60 hours of indirect service totaling 100 hours):

* Minimum of 30 direct client contact hours (i.e., counseling)
  NOTE: Required numbers depend on the number of direct client hours accrued in Practicum I. The total combined direct hours between Practicum I and Practicum II must equal or exceed 40 hours. However, all Practicum II students will be required to accrue a minimum of 30 hours regardless of the number of hours accrued during Practicum I.

• Minimum of 70 on-site hours (i.e., counseling + indirect client activities)
• Minimum of 8 hours per week onsite and a maximum of 12 hours per week on site.
  * Minimum of one (1) hour per week of individual supervision, throughout the practicum, performed by the on-site supervisor.
  * Opportunity for the student to become familiar with a variety of professional activities other than direct service.
  * Opportunity for the student to develop audio and/or videotapes of the student's interactions with clients, appropriate to the specialization, for use in supervision.
  * Opportunity for the student to gain supervised experience in the use of a variety of professional resources such as assessment instruments, computers, print and non-print media, professional literature, research, and information and referral to appropriate providers.

CLINICAL MENTAL HEALTH COUN. - Direct Services and Non-Counseling Activities

You may count the following experiences as direct counseling:

_____ 3. Case Conferences & Staff Meetings
_____ 4. Report Writing: Record Keeping, Treatment Plans, and Treatment Summaries
_____ 5. Case management without the client present (DHS, school, probation contacts, etc.)
SCHOOL COUNSELING Direct Experiences, Indirect Experiences, and Non-Counselor Duties

You may count the following experiences as direct:
   ____1. Providing face to face individual counseling
   ____2. Conducting group counseling
   ____3. Conducting classroom activities
   ____4. Conducting workshops for parents, students, teachers, and community members
   ____5. Consulting with a parent, teacher, or member of the community

You may count the following experiences as indirect:
   ____1. Completing logs and other documentation
   ____2. Preparing a lesson or group activity
   ____3. Attending a professional conference
   ____4. Reading professional literature
   ____5. Observing
   ____6. Participating in supervision

KNOWLEDGE AND SKILL OUTCOMES:
Upon successful completion of Practicum I (APCE 612) and Practicum II (APCE 619) students will:
1. Complete supervised practicum experiences (Practicum I and Practicum II) that total a minimum of 100 clock hours (CACREP III.F).
2. Complete at least 40 hours of direct service (Practicum I and Practicum II) with actual clients that contribute to the development of counseling skills (CACREP III.F.1).
3. Participate in one hour per week of individual supervision throughout the practicum by the University Practicum Supervisor or by an advanced doctoral student supervisor, under the supervision of the University Practicum Supervisor.
4. Participate in one hour per week of individual supervision throughout the practicum by an approved site supervisor who is working in consultation with the University Practicum Supervisor in accordance with the supervision contract (CACREP III.F.2).
5. Participate in an average of 1 1/2 hours per week of group supervision that is provided on a regular schedule throughout the practicum by the University Practicum Supervisor (CACREP III.F.3).
6. Participate in program-appropriate audio/video recordings for use in supervision or live supervision of the student’s interactions with clients (CACREP III.F.4).
7. Receive evaluation of his/her counseling performance throughout the practicum, including documentation of a formal evaluation after the student completes the practicum (CACREP III.F.5).
Student Learning Outcomes

Students are required to complete a bi-annual review as a component of a comprehensive evaluation process to assess student outcomes across three domains - knowledge, skills, and professional practice. The Professional Practice Forms are required prior to completing Practicum II. Paperwork and policies can be found on the Professional Counseling webpage under “Current Students” (http://www.unco.edu/cebs/applied-psychology-counselor-education/professional-counseling/current-students.aspx).

Site Supervisor Requirements

Practicum students are Clinical Mental Health Counseling majors or School Counseling majors engaged in counseling within specialty areas under the cooperative supervision of a licensed professional.

The supervisor for Clinical Mental Health Counseling students must have: (a) at least a Master’s degree in counseling or a closely related field (e.g., Licensed MSW or Licensed Psychologist) and appropriate certifications and/or licenses; (b) a minimum of 2 years of pertinent professional experience; (c) knowledge of the practicum expectations, requirements, and evaluation procedures for students; and (d) relevant training in supervision. Supervisors must agree to regularly review the students’ audio and/or videotapes.

The supervisor for School Counseling students must have: (a) at least a Master’s degree in school counseling and appropriate certifications and/or licenses; (b) a minimum of 2 years of pertinent professional experience; (c) knowledge of the practicum expectations, requirements, and evaluation procedures for students; and (d) relevant training in supervision. Supervisors must agree to regularly review the students’ audio and/or videotapes.

Group Supervision on Campus

Throughout the course of Practicum II, students will meet on campus for an average of 1½ hours of group supervision per week, provided by a University Practicum Supervisor. Expectations for group supervision will be provided at the beginning of each semester. In addition, each student will receive an hour of individual or triadic supervision from the practicum instructor, or an advanced doctoral student, under supervision of the practicum instructor.

Documentation

Students must submit one copy of each of the following documents to their practicum instructor:

- Practicum Agreement (Clinical Mental Health Counseling) (Appendix A) or Practicum Agreement (School Counseling) (Appendix B)
- One copy of the Practicum Log (Clinical Mental Health Counseling) (Appendix C) or One copy of the Practicum Log (School Counseling) (Appendix D)
- One copy of proof of liability insurance.
- Student Learning Outcome Documentation – Evaluation of Professional Practice (Appendix E)
On-site supervisor evaluation of student (Clinical Mental Health Counseling) (Appendix F) or
On-site supervisor evaluation of student (School Counseling) (Appendix G)
• Student’s evaluation of the site (Appendix H)

SELECTION OF PRACTICUM SITE

Procedures and Timelines:

Students must attend the Practicum II informational meeting the semester prior to beginning Practicum II.

On-campus students: This meeting will be held the second Thursday of the fall and spring semesters at 12:00 pm. There will not be a summer meeting, so please plan accordingly. Note, you may attend an earlier meeting for informational purposes; however, you will still be required to attend the meeting the semester prior to your proposed start date for Practicum II. Eligibility verification forms and a copy of your liability insurance are due at this time.

New Site Approval Forms (located in the internship manuals) can be turned into the main office. Faculty will review and make decisions on these once a month.

The deadline for practicum II/internship contracts is 3 weeks prior to the end of the semester proceeding the placement. For the fall semester, this would mean three weeks prior to the end of the second summer session. All contracts can be turned into the main office for final approval.

Off-campus students: Meetings will be scheduled and communicated via the listserv. Note, you may attend an earlier meeting for informational purposes; however, you will still be required to attend the meeting the semester prior to your proposed start date for Practicum II. Eligibility verification forms and a copy of your liability insurance are due at this time.

Placement Information (all students):
The first considerations in arranging placement are (a) your interests and career goals and (b) the University’s requirements for practicum. A database is available of sites that have been approved for field placements (practica or internship) and includes supervisor contact information. Students are encouraged to use this database.

Once a student has submitted an eligibility verification form, and it has been signed by the university, then students may begin contacting sites. Students are reminded of the policy adopted by the University Professional Counseling Program Faculty that prohibits the selection of a practicum site in which the student is currently or has been previously employed. In addition, no practicum will be approved for which the student has not been academically prepared.

Students should make professional contacts with possible sites and request an interview. Students are encouraged to interview with more than one agency/school in order to select the placement that provides desirable experiences and appropriate supervision. Please see Interview
Procedures detailed below. **Students cannot formally accept a placement without the knowledge of the University Practicum Supervisor.** When a student determines they will not accept or pursue a site, they must notify personnel at the site to allow ample time for them to fill vacant positions. **A STUDENT CANNOT SIGN A CONTRACT WITH THE SITE UNTIL APPROVAL IS GIVEN FROM THE UNIVERSITY INTERNSHIP COORDINATOR OR PRACTICUM II INSTRUCTOR (OFF-CAMPUS) TO DO SO.**

The signed Practicum Agreement (Attachment A) **must** be turned in no later than three weeks prior to the last day of classes for the term prior to your placement. For fall placements, this would mean three weeks prior to the end of the second summer term.

When the Practicum Agreement has been signed and processed, an approved copy of the agreement will be sent to the student and the University Practicum Supervisor. The official date after which the graduate student counselor may begin his or her practicum will be noted on this copy of the agreement and will coincide with the start of UNC’s semester. No practicum hours will be counted prior to the date the University Practicum Supervisor signs the contract.

**New Sites or Supervisors (Not on the Approved Site List).**

If you are interested in pursuing a site that is not on the approved site list, **an additional step is required before completing the practicum agreement form.** You will need to submit the New Site Approval Request Form (Appendix I) and receive approval to accept a placement at this site.

**Interview Procedures**

With the approval of the University Internship Coordinator (on-campus) or Practicum II Instructor/Coordinator (off-campus), it is your responsibility to arrange interviews at potential practicum sites. Please attend to the following information regarding this important phase of your experience:

1. This is a professional interview. Present yourself and your documentation accordingly. Support your oral presentation with a well-prepared resume. Be thoroughly prepared to talk about your preparation for your practicum and the requirements you will need to complete during your practicum.

2. Ascertain that the prospective practicum site is capable of meeting your needs. During the interview, emphasize that you will need to obtain experiences that are consistent with your training and interests.

3. Carefully consider the "fit" between you, your professional goals, and the site. You are encouraged to interview with more than one agency, school, or site in order to select the best placement.
4. If the agency, school, or site accepts you for practicum placement, and you elect to accept the opportunity, request and obtain final approval of the site from the University Internship Coordinator. This can be done via email.

5. With approval from the University Internship Coordinator, you should prepare the agreement and obtain all necessary signatures.

6. Inform all potential supervisors you have contacted when you make a final decision.

**Responsibilities during Practicum (APCE 619)**

1. You can expect to have an on-site visit from the University Practicum Supervisor during your practicum experience. Prior to the sixth week of your practicum, you are responsible for contacting the University Practicum Supervisor to schedule a site visit between yourself, your on-site supervisor, and the University Practicum Supervisor. At that time, you will review your progress thus far during practicum.

2. During your practicum you are required to maintain logs (Attachment C). You will turn these into the University Practicum Supervisor as requested by the instructor.

3. You are required to attend the APCE 619 group supervision meetings and all individual supervision meetings with your University Supervisor.

4. You are required to complete all Student Learning Outcome (Evaluation of Professional Practice) paperwork and turn it into the practicum instructor.

5. If you are unable to complete your practicum, contact the University Practicum Supervisor immediately.

**Evaluation of Practicum Students**

Feedback from the practicum site supervisor is essential for the purpose of evaluating student effectiveness. A standardized evaluation form has been adopted by the University Professional Counseling Faculty (Attachment E or F). The rating form should be completed by the on-site supervisor, reviewed with the student, and returned to the University Practicum Supervisor at the completion of the practicum.

**Engaging in your Practicum**

Practicum site supervisors have supervisory and administrative responsibility for site activities. The University Practicum Supervisor will maintain regular contact with site supervisors.

The site supervisor will complete an evaluation form addressing your activities. Additionally, students will be asked to evaluate their work, the supervision students received at their site, the site itself, and the supervision provided on campus. Forms and guidelines are included in this handbook.
If problems or concerns (ethical, clinical, supervisory, interpersonal, etc.) develop during the students’ practicum, students are asked to notify the University Practicum Supervisor immediately. **Failure to notify the University Supervisor in a timely manner of emerging problems or concerns may constitute an ethical breech on the part of the practicum student.** It is the responsibility of the University Practicum Supervisor to work with students and the site supervisor to properly handle and resolve problems or concerns.

**Strategies for Enhancing the Experience and Success**

Indeed, practicum students and the University Practicum Supervisor are guests of the agencies, schools, and clinics where practicum opportunities are authorized. Agency administrators are entrusted with the care and responsibility of clients, and site supervisors are responsible for all facets of services provided to clients by the practicum student. Principals are entrusted with the care and responsibility of students, and site supervisors are responsible for all facets of the school counseling program. Thus, practicum students are expected to maintain the highest level of professionalism. Practicum student’s behaviors reflect on the student, the clinic, the school or the agency in which he or she is placed, the University, the Counseling Programs, and on future practicum students.

**Attire:** Dress appropriately and in accordance with existing dress codes within the site setting at all times.

**Work Schedules:** Because of the time demands, it is recommended that practicum students not try to maintain a full time job outside of the field placement.

**Attendance and Promptness:** Practicum students are expected to be at their clinical or school site according to the schedule designed with the site supervisor. Absences must be limited to medical emergencies, family emergencies, and professional development activities. Should practicum students need to be absent or arrive late, practicum students should notify both the site supervisor and the University Practicum Supervisor. Extensive absences, for whatever reason, will result in your practicum being postponed or terminated.

Students, site supervisors, and the university supervisors are responsible for adhering to the policies and procedures as outlines in this manual. All questions about the information in this manual should be directed to the internship coordinator or program coordinator.
APPENDIX A: Practicum Agreement
PRACTICUM AGREEMENT
(CLINICAL MENTAL HEALTH COUNSELING)

This agreement is made on _____________ by and between ______________________________
(date) (agency)
and the Professional Counseling Program at the University of Northern Colorado. The agreement will be
effective for a period from _______________ to ________________ for ______________
date date (# hours)
per week for _____________________________________________________.
(Student Name)

Purpose: The purpose of this agreement is to provide a qualified graduate student with a field-based practicum
experience in the field of counseling.

The Professional Counseling Program agrees:
1. To assign a University Practicum Supervisor to facilitate communication between the University and the
   practicum site;
2. To notify the practicum student that he/she must adhere to the administrative policies, rules, standards,
   schedules, and practices of the practicum site;
3. The University Practicum Supervisor will provide weekly group supervision (1.5 hours/week) to the
   practicum student;
4. The University Practicum Supervisor or an Advanced Doctoral Student under supervision by the
   University Practicum Supervisor will provide weekly individual supervision (1 hour/week);
5. That the University Practicum Supervisor shall be available for consultation with both the on-site
   supervisor and student, and shall be immediately contacted should any problem or change in relation to
   student, site, or University occur;
6. That the University Practicum Supervisor in consultation with the on-site supervisor, is responsible for
   the assignment of a final grade.

The Practicum Site agrees:
1. To assign a practicum on-site supervisor who is a licensed counselor or psychologist with appropriate
   credentials, has a minimum of two years experience in the current position, and has the time and interest
   in the supervision and training of the practicum student;
2. To provide opportunities for the student to engage in a variety of counseling activities under supervision
   and to be involved in the evaluation of the student performance (suggested counseling experiences
   included in the Practicum Activities);
3. To provide the student with adequate workspace, telephone access, office supplies, and staff to conduct professional activities;

4. To provide supervisory contact which involves some examination of student work using audio/visual tapes, observation, and supervision;

5. To provide written evaluation of the student based on criteria established by the Professional Counseling Program;

The Student agrees:
1. To act in a professional manner that is consistent with the ACA Code of Ethics and practice counseling in accordance with these standards. Any breach of these ethics or any unethical behavior on the student's part will result in removal from the practicum and a failing grade. Documentation of such behavior will become part of the student's permanent record;

2. To be responsible for being available to the on-site supervisor and to the University Practicum Supervisor for conferences, (i.e., consultation, staffings, etc.), and to keep the University Practicum Supervisor informed regarding the practicum experiences;

3. To comply with the rules, policies, and regulations of the site, (i.e., staff development, working hours, schedules, etc.); and

4. To complete all practicum course requirements as outlined, and demonstrate the specified minimal level of counseling skill, knowledge, and competence in the various practicum activities evaluated during the student's practicum experience.

PRACTICUM ACTIVITIES: The practicum requires that the graduate student counselor complete a minimum of 70 clock hours. At least 30 hours are to be spent in counseling activities (with a client), which include:

   ____ 1. Individual Counseling/Psychotherapy: Personal/Social/Occupational

   ____ 2. Group Counseling/Psychotherapy: Co-leading (Includes Psycho-educational)

   ____ 3. Intake Counseling

   ____ 4. Testing: Administration and Interpretation

   ____ 5. Consultation

A maximum of 40 hours may be spent on non-counseling activities, which include:

   ____ 1. Supervision: Individual and Group

   ____ 2. Program Administration/Org. Dev./Implementation/Evaluation

   ____ 3. Case Conferences & Staff Meetings

   ____ 4. Report Writing: Record Keeping, Treatment Plans, Treatment Summaries

APPENDIX B: Practicum Agreement (School Counseling)
PRACTICUM AGREEMENT (SCHOOL COUNSELING)

This agreement is made on __________(date) by and between____________________(school)

and the Professional Counseling Program at the University of Northern Colorado. The agreement will be effective for a period from ____________(date) to

________________________(date) for _____________(# hours per week) ______________________(Student Name).

Purpose: The purpose of this agreement is to provide a qualified graduate student with a practicum experience in the field of school counseling and guidance.

The APCE counseling faculty and the University Practicum Supervisor agree:

1. To assign a University Practicum Supervisor to facilitate communication between the University and the practicum site;

2. To notify the practicum student that he/she must adhere to the administrative policies, rules, standards, schedules, and practices of the practicum site;

3. The University Practicum Supervisor will provide weekly group supervision (1.5 hours/week) to the practicum student;

4. The University Practicum Supervisor, or an Advanced Doctoral Student under supervision by the University Practicum Supervisor, will provide weekly individual supervision (1 hour/week);

5. That the University Practicum Supervisor shall be available for consultation with both the on-site supervisor and with the student, and shall be immediately contacted should any problem or change in relation to student, site, or University occur;

6. That the University Practicum Supervisor assigned as the practicum supervisor, in consultation with the on-site supervisor, is responsible for the assignment of a final grade.

The Internship Site Supervisor:

1. Is a licensed/certified school counselor with appropriate credentials, and with a minimum of two years experience.

2. Can devote the time necessary for training and supervision.

3. Will provide opportunities for the student to engage in a variety of counseling and guidance activities under supervision.
4. Will support the practicum student in obtaining experiences that approximate the *ASCA National Model* recommendations.

5. Will be involved in the evaluation of the practicum student's performance.

6. Will provide adequate workspace, telephone access, office supplies, and staff to conduct professional activities.

4. Will provide supervisory contact which involves the examination and observation of the practicum student as he or she enacts various school counseling roles for a minimum of one hour per week.

5. Will provide a written evaluation of the student based on the criteria established by the APCE counseling faculty.

**The Practicum Student agrees:**

1. To perform in a professional manner that is consistent with the ACA and ASCA Code of Ethics. He or she is aware that any breach of these ethics or any unethical behavior will result in removal from the practicum and a failing grade. Documentation of such behavior will become part of the practicum student's permanent record.

2. To be available to the on-site supervisor and the University Practicum Supervisor for conferences.

3. To keep the University Practicum Supervisor informed regarding the practicum experience.

4. To comply with the rules, policies, and regulations of the school (e.g., staff development, schedules, code of conduct, and attire).

5. To complete all practicum course requirements.

6. To demonstrate the required level of counseling skill, knowledge, and competence in the various practicum activities assigned.
