I Need Feminism Because...

The "I Need Feminism Because..." campaign links pressing women's and gender issues, and other forms of social inequity, to feminism and feminist history. Women's ability to vote, access education and own property are a result of feminism and remind us of all that is still left to accomplish.

Be on the look out for "I Need Feminism Because..." campaign gear and make sure to ask about the campaign!

We would like to extend a warm thank you to everyone who supported the Vagina Monologues! A special thank you goes out to the amazing actors who brought the scripts to life.

Amazing Race- April 24@ 2p.m. (Reg. by April 17)

Stryker Institute For Leadership Development

The Stryker Institute for Leadership Development supports the personal, social, and academic achievement of underrepresented women-identified students at the University of Northern Colorado. We accomplish our mission by providing access to educational opportunities, cultivating leadership potential, fostering connectedness and community, and empowering women through encouragement and space for personal growth. For any questions about the Stryker Institute please contact the Leadership Coordinator at 970.351.2634 or stop by Scott-Willcoxon Hall.

THE WOMEN'S RESOURCE CENTER

The Women's Resource Center honors gender as a central identity, engages critical women's issues, while challenging systems of inequity and advocating for change at the University of Northern Colorado.

In addition to engaging women's and gender issues, some of the great resources offered by the WRC include:

- A space to hang out and study
- Computer lab with free printing
- Library
- A facility and kitchen for events, study groups, and meetings
- Lactation Station

The WRC also provides educational and awareness programming throughout the year.

Contact us to get involved with events or volunteer at our center!

End of the year... staff reflections

Emily Hedstrom-Lieser

I have been honored to engage in meaningful discussions about feminism and women's and gender issues while reflecting upon my own journey as a woman and feminist. I would like to thank all of the amazing colleagues and students that I have the privilege to work with this year.

Yvette Lucero-Nguyen

This year has been a year of transformation for the Women's Resource Center and the Stryker Institute. Our staff collective has worked hard this year to revitalize our feminist presence at UNC through intentional and thought provoking programming.

Sarah Aragon

Personal growth, professional growth and program growth! So much has happened this year that has led me to be exactly where I am at, where I am supposed to be, and is a great catalyst for where I am going.

Lindsay Robertson

I have learned so much from the staff at the WRC and Stryker Collective. I appreciate all of our conversations, ranging from food to intersectionality in feminism.

Sarah Witty

My mind centers around one word "new". Everything about this year was new. We not only took on new programs and initiated new campaigns, we also took new approaches and changed a lot of things about our annual programs. I feel we have such a talented team of students and staff (new and old) that brought so much creativity and growth to our center this year that we certainly couldn't have accomplished all of our goals without this collective.

Tyrell Allen

Joining the WRC Collective this Spring semester was one of the best decisions I've ever made. I'm so honored to have been surrounded by wonderful and supportive folks who share my values and passions.

Tara Anderson

I love working at the WRC! The programs and events we put on are not only educational but invigorating. Getting to work with the student body and the synergy among the WRC staff is unique.

Lena Linares

I learned a lot more about feminism and how feminism can be relevant in my life. I have gained a better knowledge about other gender issues and how my position relates to those.

Ashley Montano

This year has given me an understanding about what feminism means to me. I have learned so much about social justice issues and I can't wait to learn even more next year!

Savana Griego

Helping to put on events and see them come to life is always a great experience. I loved getting to know all my co-workers and being able to make memories with them. By far the best experience and job I have ever had!

Ashlee George

I am very thankful for this year at the WRC. I have had the amazing opportunity to learn about feminism and how it relates to my life. The WRC has given me to discover who I am on this campus and in the world.
