FACULTY SENATE MOTION

Subject: Biomedical Faculty Title and Clinical Affiliate Faculty Title

Originator/Date: Marshall Parks, 02/07/2024

Approved by Faculty Welfare and Sent to Senate on 02/08/2024

Placement(s): Board Policy Manual, 2-3-305.

Motion: Adopt the additions to the board policy manual as outlined below

Purpose/Rationale: The purpose of this proposal is to add Biomedical Faculty and Clinical Affiliate Faculty Titles to the Board Policy Manual for the upcoming hiring in the proposed UNC College of Osteopathic Medicine (UNC COM).

Possible language:

Although faculty ranks are limited to lecturer, senior lecturer, instructor, assistant professor, associate professor, or professor, academic titles may be used for some faculty. Titles may include, but are not limited to, Visiting Faculty, Clinical Faculty, Research Faculty, and Professional-in-Residence (e.g., Artist-in-Residence, Executive-in-Residence, Biomedical Faculty, Clinical Affiliate Faculty, etc.). The designations used for ranks specified in 2-3- 301 Academic Ranks may not also be used for titles.

(XI) Biomedical Faculty. Biomedical Faculty may hold any faculty rank for which they meet the minimum requirements [See 2-3-302 Rank Requirements]. This title is intended for use in the proposed UNC College of Osteopathic Medicine (UNC COM), consistent with faculty titles used customarily in medical education. Biomedical Faculty are eligible for consideration for promotion. The evaluation criteria for Biomedical Faculty shall be determined by the relevant program area faculty [See 2-3-901 Promotion Guidelines]. Biomedical Faculty are considered continuing faculty for the purposes of distribution of any salary increase monies available each fiscal year [See 3-3-701(1) Faculty Compensation Procedures].

(XII) Clinical Affiliate Faculty. Clinical Affiliate Faculty are University and non-University personnel who provide regular, recurring educational support to the UNC COM. This title is intended for use in the UNC COM, consistent with faculty titles used customarily in medical education. Clinical Affiliate Faculty must be qualified with experience, skills, and/or other qualifications that enable them to provide the duties required by UNC COM. Educational support may include but is not limited to teaching and/or assessment within a course, supervision of osteopathic medical students from UNC during clinical rotations and other clinical experiences, and development of curriculum. Clinical Affiliate Faculty function under the authority of the appropriate unit and the faculty therein.
