Essay Questions:

Each response should be between 250 and 500 words. Please type all responses on separate sheet of paper.

1. Leadership comes in all shapes and sizes. We do not believe that there is a "cookie-cutter" way to develop a leader. Because all leaders are unique, in what way are you a leader and how do you want to grow as a leader?
2. Part of leadership is the ability to draw lessons from experience. Relate a "personal best" story from a pertinent time in your life in which you demonstrated strong leadership skills. Describe the event. How did this event affect your family, friends, school, community etc?
3. Please tell us anything further that you think we should know about you, personal, academic, or otherwise, in order to evaluate your application.
