Guaranteed Transferability:

Courses bearing the gP designation have been approved by the Colorado Commission on Higher Education (CCHE) for inclusion in the Colorado Guaranteed Transfer Program. These courses will automatically transfer to any Colorado public institution and continue to count toward general education or other graduation requirements for any liberal arts or science associate or bachelors degree program, if you receive a grade of "C-" or better. Statewide articulation agreements prescribe specific general education and degree requirements in the following professional degree programs: business, early childhood, elementary education, engineering and nursing. Most of the other courses, not approved for the gP designation, will also be accepted in transfer by other institutions, but they may not fulfill general education or degree requirements.
