

\$30,000 Doctoral Fellowship Opportunity

UNIVERSITY of
NORTHERN COLORADO

School of Biological Sciences

Applicants to the doctoral program in the UNC School of Biological Sciences will be considered for a competitive fellowship of up to \$30,000 per year for up to three years during the course of graduate training toward a Ph.D. in Biological Education. Members of normally underrepresented groups in the sciences are specifically encouraged to apply.

This Biological Sciences Ph.D. program combines cutting-edge content-based training in the biological sciences with a core of educational theory and practical training. Graduates of this program are highly competitive for faculty and post-doctoral positions.

Areas of study include:

Immunology

Neurophysiology

Animal Physiology

Animal Behavior

Toxicology

Virology

Plant Taxonomy

Ecology

Plant Biotechnology

Animal Reproduction

Molecular Biology

Herpetology

Environmental Studies

Evolutionary Biology

Drug Design

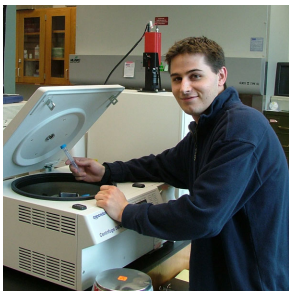

Plant Physiology

Mammalogy

Microbiology

Applicants should meet the following criteria: 1) A US citizen or Permanent Resident of the US; 2) 3.5 GPA (some flexibility); 3) 1100 combined Verbal and Quantitative score on the General GRE (some flexibility); 4) Satisfactory Subject GRE score in Biology; 5) Qualified for admission to the UNC School of Biological Science's PhD program; 6) Recommendation from a faculty advisor supporting the nomination; 7) Demonstration of financial need.

The University of Northern Colorado is a research-intensive institution located in Greeley, Colorado, one hour north of Denver and just 30 miles from Rocky Mountain National Park. The University represents students from 46 states and 37 countries.
