

**College of Natural and Health Sciences
Curriculum Committee
Minutes
February 25, 2008**

The meeting was conducted electronically via email: Audrey Bopp, Sue Kent, Missy Parker, Igor Szczyrba, Richard Schwenz, Steve Smith, and Jenny Weber

The Minutes of February 1, 2008 were approved electronically.

Proposals reviewed electronically

- NURS 508 Clinical Instruction in Nursing
New variable title.
The committee recommended the following revisions: Use the phrase Plus/Minus System instead of A+, A, A- system (there actually is no A+); change course grade posted from NR to IP as the class is not set up for NR; correct Disability Access Center to Disability Support Services.
Committee recommended approval by consensus.
- ASLS 513 Supervision in Communication Disorders
New variable title.
The committee recommended the following revisions: add the Disability Support Services Statement; include more detailed assignment description (e.g., points per assignment, how they will be evaluated, etc.) when syllabus is distributed to students.
Committee recommended approval by consensus.
- MA Rehabilitation Counseling
Modification for course requirements, no change in total number of credits required
Committee recommended approval by consensus.

Streamlined Course (Extended Studies) – the following course was approved by the Dean
SCED 578 K-12 Science Inquiry

Next scheduled meeting (if needed) – March 12, 2008

Respectfully submitted,

Sandy Pope
Recording Secretary
