**Professional Academic:**

2006- present  
University of Northern Colorado  
Lecturer, School of Nursing  
Responsibilities: Instructing first semester core class, first semester physical assessment class, and first semester therapeutic interventions skills lab and clinical experience. Clinical instructor for fifth semester students and fifth semester site visitor for preceptorship. On line instructor for RN to BSN students first semester core class, second

semester assessment class and third semester research class. Instruct OB lab and clinical experience. Academic advising of prospective, pre nursing, and nursing students.

**Area of  
Specialization:**

In my years of nursing I have worked in all areas of hospital nursing except the operating room and also have done school nursing, nursing home, and home care nursing. The areas of nursing I have emphasis in are labor and delivery, level 2 nursery, home care case management, staff orientation and education, and Oncology in which I have certification.

**Research Areas  
Interests**

I am interested in the use of simulation in education and how its use enriches and enhances the learning of the student and in ways this may be used to supplement clinical experience. I have interested in how the brain learns and retains information.

**Professional  
Association  
Participation**

Oncology Certified Nurse 2005. Member Sigma Theta Tau International, Honor Society of Nursing. 2000 to present. Serving as Secretary at present American Nurses Association 2007 to present. Member International Nursing Simulation/Learning Association. 2011 Member
