## Schedule of Presenters

**9:25-9:35 am Boogaloo Beds**

Boogaloo Beds improves the lives of people with special needs and their families through innovative products, empowering employment and strong communities. Products focus on improving sleep, safety, and sensory environments for people with special needs.

**9:50-10:00 am Loop Global Inc.**

Loop Global is a tube transportation manufacturer that prototypes the future of mobility by combining the car with the internet. It specializes in the ET3 system - the fastest, safest, and most efficient tube travel architecture.

**10:15-10:25 am ParkIt LLC**

ParkIt is an online platform that connects university students and staff to nearby homes and businesses with empty parking spaces and driveways. The business automates and simplifies a process that is currently informal and inefficient.

**10:45-10:55 am Brainitz LLC**

Brainitz is a web based tool that allows teachers to take recorded lessons and embed questions throughout the video to ensure understanding. Unlike traditional videos, Brainitz checks for understanding throughout the video and reteaches the student as needed.

**11:10-11:20 am RunABand LLC**

RunABand, the leading band and booking management tool helps secure, schedule and manage gigs quickly and easily. This cloud-based service is designed to help manage the business of a band including communication, scheduling, logistics and finances.

**11:35-11:45 am Ketogenie LLC**

Ketogenie is a Colorado Cottage Food business selling Ketogenie Perks which are made-to-order treats made with minimal, high quality ingredients for followers of a ketogenic lifestyle. The treats are sugar-free, gluten-free and dairy-free.
