

Recommended Room Namings

RECOMMENDATION

It is recommended that the Board of Trustees approve the naming opportunities for the College of Osteopathic Medicine.

BACKGROUND

The establishment of the College of Osteopathic Medicine has been made possible through the generosity and vision of numerous donors whose philanthropic investments have helped bring this transformative initiative to fruition. Recognizing these individuals and organizations not only expresses the University's gratitude for their support but also serves as a visible reminder of the impact philanthropy has on our students, faculty, and future generations of healthcare professionals.

The proposed room namings are consistent with the University's established naming guidelines and correspond to the approved gift values associated with each space within the College of Osteopathic Medicine. The following recommendations honor the significant contributions of these donors and reflect their commitment to UNC's mission and the success of its students.
