

Recommended Naming

RECOMMENDATION

It is recommended that the Board of Trustees approve the naming of a 1st floor conference room in the college of Osteopathic Medicine Building as the "Schramm Foundation Conference Room".

BACKGROUND

UNC's College of Osteopathic Medicine (UNC COM) building is anticipated to be completed in Summer 2026. Within the building, individual spaces have been identified as eligible for permanent recognition to highlight the support of individuals and organizations who have invested in the establishment of UNC COM.

In recognition of their \$100,000 pledge made in November 2024 to support the College of Osteopathic Medicine's greatest needs, we propose to name a 1st floor conference room in the new College of Osteopathic Medicine building in honor of the Schramm Foundation. This recognition falls in line with the various naming opportunities identified throughout the building as established and approved by university leadership. The Schramm Foundation has made pledge payments of \$25,000 in January 2025 and December 2025, with two installments remaining, expected to be paid in December 2026 and December 2027.

The Schramm Foundation was founded in 1981 and has supported Colorado non-profit organizations for the last 45 years, including supporting various programs and projects at UNC for at least the last 30 years. The Schramm Foundation strongly believes in, and supports, the mission and vision of UNC's College of Osteopathic Medicine and the lasting impact it will have on the university and Colorado communities for years to come.
