## FRONT/REAR DERAILLEUR ADJUSTMENT \$8

Adjust front/rear derailleur to ensure consistent shifting for all gears. A proper derailleur adjustment will keep your chain in place and allow you to easily shift through all of your gears.

## CABLING \$22 (PARTS INCLUDED)

Rusty and frayed cables can be dangerous, we will remove all old cables and housing then replace them with new housing and cables. This will increase functionality of your brake and shifting capabilities.

## BOTTOM BRACKET/ HEADSET/HUB OVERHAUL \$15

Properly functioning bottom brackets, headsets, and hubs require ballbearings to be properly greased and secured. If the ballbearings are too loose or damaged we can replace them for you! A proper overhaul in these areas ensures your bike will be pedaling, steering, and rolling

## TIRE INFLATION FREE

If we are not open to help there are 5 bike stations located throughout campus that have pumps available for you to use 24/7. These locations are at the UC, Gunter Hall, Tobey Kendel, South Hall, and Ross.

## DIY FREE

Come use our tools. Our mechanics would be happy to teach you how to work on your bike free of charge, you can even use our tools. If you don't have time to work on it yourself, leave it with us and we will get you on your bike again as soon as possible!

Outdoor Pursuits' top priority is to provide meaningful opportunities for students to enhance their college experience. We strive for students to build stronger relationships with one another, their campus and the environment through programs we provide.

# BIKE SHOP & SERVICES

## UNC BIKE MAINTENANCE RATES

### FULL TUNE UP \$26

Includes a complete wipe down of the frame to insure there are no cracks or areas of concern, headset adjustment, hub adjustment, front and rear derailleur adjustments, front and rear brake adjustments, bottom bracket adjustment, chain checked for stretching and wear, minor wheel truing, clean and lube drivetrain (chain, cassette, cranks).

### PARTS INSTALLATION \$3 (TUBES, CHAIN, ETC.)

Need a part installed? We can do it for you! Be it any bike part, we can put it on your bike for you and make any adjustments necessary. This is subject to additional charges if it is derailleurs, brakes, or other in-depth installments.

### BIKE ASSEMBLY \$30

Just bought a new bike? We will put it together for you! Not only will we install what factories don't, but we will go through the entire bike checking that all parts have been greased and torqued to spec. This will keep you on your bike longer and add lifetime to parts that can wear or become damaged if not installed correctly.

### WHEEL TRUING \$12

Are your wheels rubbing against the brake pad? To true your wheel we will tighten or loosen desired nipples of wheel spokes until the wheel spins truly round. If the wheel has been worked on for more than 30 minutes and still is not true then the mechanic can deem the wheel untrue-able and advise patrons to purchase a new trim.

### BRAKE ADJUSTMENT \$6

Adjust front and rear brake pads or discs to receive the most consistent and safe braking surface possible.

# SPECIAL EVENTS

**F**ollow us on Facebook and Instagram @UNC\_OP to keep up with special events and competitions.

# OUR SERVICES

**O**ur program strives to ensure students, faculty, and staff have access to our services for a quality life at UNC. Your registration fees includes all necessary equipment for each specific trip, as well as transportation and food. Outdoor Pursuits welcomes anyone to the beautiful outdoors of Colorado. Whether you are planning your first trip or need advice on where to go next, our OP staff are available to connect and help.

# YOUR CAMPUS RECREATION CENTER

Campus Recreation strives to ensure a safe, affirming, welcoming, and inclusive environment for UNC students, faculty, and staff through open and considerate dialogue, mutual understanding, and respect for individual differences. We recognize and celebrate the diverse characteristics and backgrounds within our UNC community by facilitating a climate where everyone can participate, engage, and represent themselves safely and comfortably.

## CLIMBING WALL

Our indoor climbing wall features 10 top ropes along with three TruBlue auto belay systems. On average there will be 12 top rope routes and nearly 30 boulder problems waiting to be solved. Every weekend a section of the wall is stripped, cleaned and set with new routes so there is always a new challenge to tackle. Climbing wall staff can answer your questions or give route advice. We also offer belay classes. Also join our annual climbing competition.
