

## Applied Statistics and Research Methods: MS Degree Checklist

Details of the ASRM Master of Science degrees (concentrations in Applied Statistics or in Research Methods) can be found within the online UNC Graduate Catalogue, including specific course requirements, admissions expectations, and purposes of the degrees. The following is a simple checklist intended to provide quick-reference guidance on major hurdles for the degrees.

- Submit Concentration Form
- Complete Coursework (including 3 hours for MS Project)
  - 35 Hours (Applied Statistics Concentration)
  - 30 Hours (Research Methods Concentration)
- Submit MS Project Notification Form
- Submit Application for Graduation\*
- Complete MS Project (Department will submit results to Graduate School)
