

Applied Statistics and Research Methods: MS Project Checklist

Details of the ASRM Master of Science Project can be found within the SRM 697 Syllabus as well as within the comprehensives exam manual, including expectations and purposes of the project. The following is a simple checklist intended to provide quick-reference guidance on major hurdles for the project.

- _____ Submit MS Project Notification Form
- _____ Submit Calendar of Activities for MS Project to Project Supervisor
- _____ Submit Application for Graduation*
- _____ Obtain IRB Approval, if working with human subjects data*
- _____ Complete MS Project (Department will submit results to Graduate School, Please check for the Graduate School Master's Thesis Submission Deadline)

*Obtain from Graduate School (Link: <https://www.unco.edu/graduate-school/>)
