Course waivers are considered for students who enter the doctoral program with advanced degrees obtained in the previous 5 years. It is incumbent upon students to show how they have met the content and requirements of the course they are requesting to have waived. As such, students are expected to make available graduate transcripts as well as previous syllabi, if such materials are requested. Credit for prior graduate coursework typically decreases time to completion of the program by up to one year. Mean/median variation by year is in part explained by the number of students who enter the Ph.D. program with a previous Ed.S. degree in school psychology. These students generally finish the program in fewer semesters than those entering with a bachelor's degree.

Program Costs

The cost of attending UNC varies depending on residency status. The information in the table provided below represents three semesters (fall, spring, summer) of tuition, both in-state and out-of-state. The Ph.D. program is a member of Western Interstate Commission for Higher Education (WICHE). If you are a legal resident of one of the Western states (AK, AZ, CA, CO, HI, ID, MT, NV, NM, ND, OR, SD, UT, WA, or WY), you may qualify for in-state tuition. Applicants who reside in other states may obtain Colorado residency after one year.

Description	2019-2020 1st year Cohort Cost
Tuition for full-time students (in-state)	25,270
Tuition for full-time students (out-of-state)	47,804
Tuition per credit hour for part-time students (<i>if applicable enter amount; if not applicable enter "NA"</i>)	665 (in state)
University/institution fees or costs	3,428
Additional estimated fees or costs to students (e.g. books, travel, etc.)	3,000

Internships

Our doctoral students have successfully completed internships in a number of different sites across the country. Historically, the majority of our doctoral students have traditionally pursued school-based internships, which are typically paid with a small stipend. In the past three years, the percentage of students pursuing APA-accredited internships has increased. Beginning with the doctoral cohort admitted in Fall 2016, students will be required to pursue APPIC member internships.

Attrition

Upon admission, students are matched with a program advisor and a student mentor to provide support. Faculty work very hard to support students and guide them toward successful completion of their degrees. During the last 10 years, our attrition rate has been 14% (11 out of 77 students).

Licensure

After completing the degree, students are eligible to license as School Psychologists with their state's Department of Education. This licensure/certification has been obtained by 98% of our students in the last 10 years. With additional supervised experience and successful completion of the EPPP, students are eligible to obtain licensure as Psychologists. Of those who have graduated in between 2010 and 2018, 62% have become Licensed Psychologists. Additionally, we have several students who are actively seeking licensure and are registered as Psychologist Candidates.

Outcome	2010-2020
The total number of program graduates (doctoral degrees conferred on transcript) between 2 and 10 years ago	45
The number of these graduates (between 2 and 10 years ago) who became licensed psychologists in the past 10 years	28
Licensure percentage	62%
