

## Field Experience State Fingerprint/Background Process

All teacher candidates in licensure programs at UNC are required, **by the State of Colorado**, to complete the following fingerprint/background process **before** being allowed into any partner school for field-based work. This includes observations/work for courses (i.e. EDEC 250, EDEL 360, STEP 161, STEP 262, EDFE 170, etc.), practicums (EDEL 457, EDEL 459, EDEC 464, STEP 363, EDFE 370, EDFE 501, etc.) and final student teaching.

Failure to complete this process could delay your program as you will not be allowed in partner schools without it.

There are three (3) steps you must complete:

1. Create your lifetime account in the COOL system with the Colorado Department of Education (CDE).
2. Schedule and complete your fingerprinting appointment.
3. Complete the online field experience background information form on the CDE website, after you complete your fingerprinting. (if this is not done before 30 days after fingerprints are taken – you will have to pay to re-do your fingerprints – that’s \$49.50 again!)

*Specific details for each step are as follows:*

1. Create your lifetime account in the COOL system with Colorado Department of Education (CDE).

*If you do not complete this step, CDE will not have your account to file the background check results in and you may need to repeat (and pay for again) the process after you have created this account.*

The navigation menu includes: Profile, CREDENTIALS (Applications, Credentials), GENERAL (Payments, Documents, Correspondence, Notifications, Experience, Out of State License, Alias), and PREPARATION (Programs, Exams, Degrees).
