

Gender and Sexuality Resource Center Lactation Station

Colorado currently has two laws to support breastfeeding individuals:

The Colorado Breastfeeding in Public Act (2004): recognizes the benefits of breastfeeding children and allows a mother to breastfeed in public without being cited for indecent exposure.

The Colorado Workplace Accommodations for Nursing Mothers (2008): law requires employers to provide adequate break time for an employee to express breast milk for their nursing child for up to two years after the child's birth. It also requires an employer to provide a private place for employees to express breast milk, other than a bathroom stall.

Our UNC Lactation Policy:

The University of Northern Colorado (UNC) recognizes the importance and benefits of breastfeeding/chestfeeding/human milk for both the individual breastfeeding/chestfeeding/lactating and their children, and in promoting a family-friendly work and study environment.

PRIVACY SCREENS:

Interested in creating your own space in your cubicle or office area for expressing milk? Contact the Center for Women's and Gender Equity to check out a privacy screen. Screens are free and can be checked-out for any length of time.

Each station offers a quiet location with a chair, table, and privacy screen. All are available on a first-come, first-serve basis.

The Center for Women's and Gender Equity Lactation Station also has a hospital grade multi-user pump available for use.
