## Classified Staff Council

*"Learn to enjoy every minute of your life. Be happy now. Don't wait for something outside of yourself to make you happy in the future. Think how really precious is the time you have to spend, whether it is at work or with your family. Every minute should be enjoyed and savored." - Earl Nightingale*

## **VOLUNTEERS NEEDED 3—18 YEARS OF AGE**

Robyn Hess, Ph.D., a Professor with the UNC Department of School Psychology is expecting a very large group of graduate students this fall and one of their classes is Assessment. The students learn and practice giving different types of cognitive and academic tests. If you have children who might be willing to participate or know of someone who might be interested in participating would help us out so much. A testing session might take about 3 hours and we will not be sharing any information (they are new students, so any results will not be valid). Kids generally enjoy this process because they get to help older students with their “homework”.

If you think your children might be willing to help out, please email Dr. Hess at [robyn.hess@unco.edu](mailto:robyn.hess@unco.edu). She will require the following information: Your name, the ages of your children, and the best way contact you.
