UNIVERSITY OF
NORTHERN COLORADO

CLASS OF 2020
COMMENCEMENT
SPRING • SUMMER • FALL

A MESSAGE FROM THE PRESIDENT

To the Graduates of the Class of 2020:

Today, we celebrate Commencement—a defining moment in your journey and in an extraordinary year for us all. From the moment you began pursuing a college degree and through successive milestones of academic achievement, you looked forward to this day as a marker of success and accomplishment. We honor you today by conferring degrees from the University of Northern Colorado—bachelor's, master's, and doctoral degrees—in recognition of hard work and growth, undertaken in the pursuit of dreams for a bright future. Your achievements inspire me, your family and friends, and future generations of Bears who will follow in the footsteps of the Class of 2020.

As you prepare to embark on the next leg of life's journey, you carry the fruits of a lifetime of learning and experiences—fortified with knowledge and memories cultivated in our time together. You have no doubt grown more prepared through the love and support of faculty, friends, and mentors, but you have also invested significantly in this moment with ambition, initiative, and effort. Now, each of us watches with anticipation as this class of graduates leaves its Alma Mater for new endeavors and accomplishments just beyond the horizon. What happens next is up to you. Each graduate will decide how to use their education and preparation to make their own mark on the world.

You are ready, and a world eager for a new generation to take up the mantle of leadership and service awaits your distinct contributions. You step out into a world replete with challenges to overcome, but there is extraordinary good and beauty in it, too. The resilience you have shown in pressing ahead with your education during a pandemic and through other adversity will be an asset, but so too will your creativity, optimism, and good humor. Instigate change. Solve persistent problems. Treasure life and the connections that enrich our being. Celebrate and build upon the strength and goodwill that pervades our communities, giving back to honor the investments they have made in your success. You have so much to offer and we are counting on the graduates of the Class of 2020 to leverage their talents, education, and convictions to improve the quality of life in our state, nation, and world.

Today we celebrate your accomplishments and contributions to our university community, while sending you off toward these new adventures. Even as we gather virtually, we remain connected as a community of Bears in honoring each of you.

Congratulations! And, remember: Once a Bear, Always a Bear.

A stylized, handwritten signature of Andy Feinstein, consisting of a single, continuous line that forms the letters 'A' and 'F'.

COMMENCEMENT SPEAKERS

KEYNOTE SPEAKER

Katherine Archuleta
Former Director, US Office of Personnel Management
MA, Elementary Education '76

Katherine Archuleta began her career as a schoolteacher in Denver Public Schools and worked in local government for Denver Mayors Federico Peña and John Hickenlooper. She worked for the Departments of Transportation and Energy in the Clinton administration and was Chief of Staff to Labor Secretary Hilda Solis during the first two years of the Obama Administration. Katherine joined the Obama 2012 campaign as its National Political Director. Archuleta was appointed by President Barack Obama to be the first Latina to lead the US Office of Personnel Management. Overseeing the Human Resources management of the entire federal government, Ms. Archuleta was responsible for the recruitment, hiring, development and support of federal workers throughout the country. She designed

and developed the Federal government's Diversity and Inclusion Strategic Plan in collaboration with the White House and all Departments – working closely with her own staff and government leaders to design steps to increase the recruitment and hiring of women, racial and ethnic minorities and millennials for federal service. She is a founding mother of Mi Casa Resource Center, The Latina Initiative and The Women's Foundation of Colorado and I'm Latina and I Vote/Latina Initiative 2020. As a non-profit founder, she is very familiar with the importance of providing voice at every level of an organization, doing so with both an eye on the mission and a respect for every participant, so that outcomes reflect consensus for paths forward.

Katherine currently sits on the boards of the University of Denver Board of Trustees, the Denver Urban Renewal Authority, Conservation Colorado, and the Latino Leadership Institute. She was recently selected as a 2020 inductee into the Colorado Women's Hall of Fame.

GRADUATE STUDENT SPEAKER

Laura Marie Schauer, Doctor of Audiology
Degree in Audiology

Laura Schauer lived in Colorado for more than twenty years and grew up in Golden, CO. She attended her undergraduate at Colorado State University studying Human Development and Family Studies. After working with at risk youth in Greeley post-undergrad, she changed her career path to audiology. She was fortunate to be accepted at her first choice in school for her doctorate degree, the University of Northern Colorado. Laura has a passion for improving the quality of life of those with hearing loss and for spreading awareness about audiology. Her

passion stems from her personal experiences as an individual with hearing loss. She moved to California in June 2020, accepting an audiologist position near Los Angeles.

UNDERGRADUATE STUDENT SPEAKER

Yessica Elena Rodriguez
BS, Biological Sciences

Yessica Elena Rodriguez will be graduating with a bachelor's degree in Biological Sciences with a Pre-Health emphasis and minors in both Sociology and Chemistry. Her hometown drew her to attend the University of Northern Colorado, and she has appreciated that direction for the past four and a half years. She has been involved with numerous academic, cultural and social organizations on campus and has expanded within her leadership roles to create a home at UNC. As a proud daughter of immigrants, Yessica has learned what it is like to create a new home and cherishes how UNC has set a foundation for

her to create new homes as she pursues her higher education. She plans to apply to medical school and become a pediatric pulmonologist, creating a home in healthcare where she can help and contribute to others finding their own homes.
