

## NEED A RIDE?

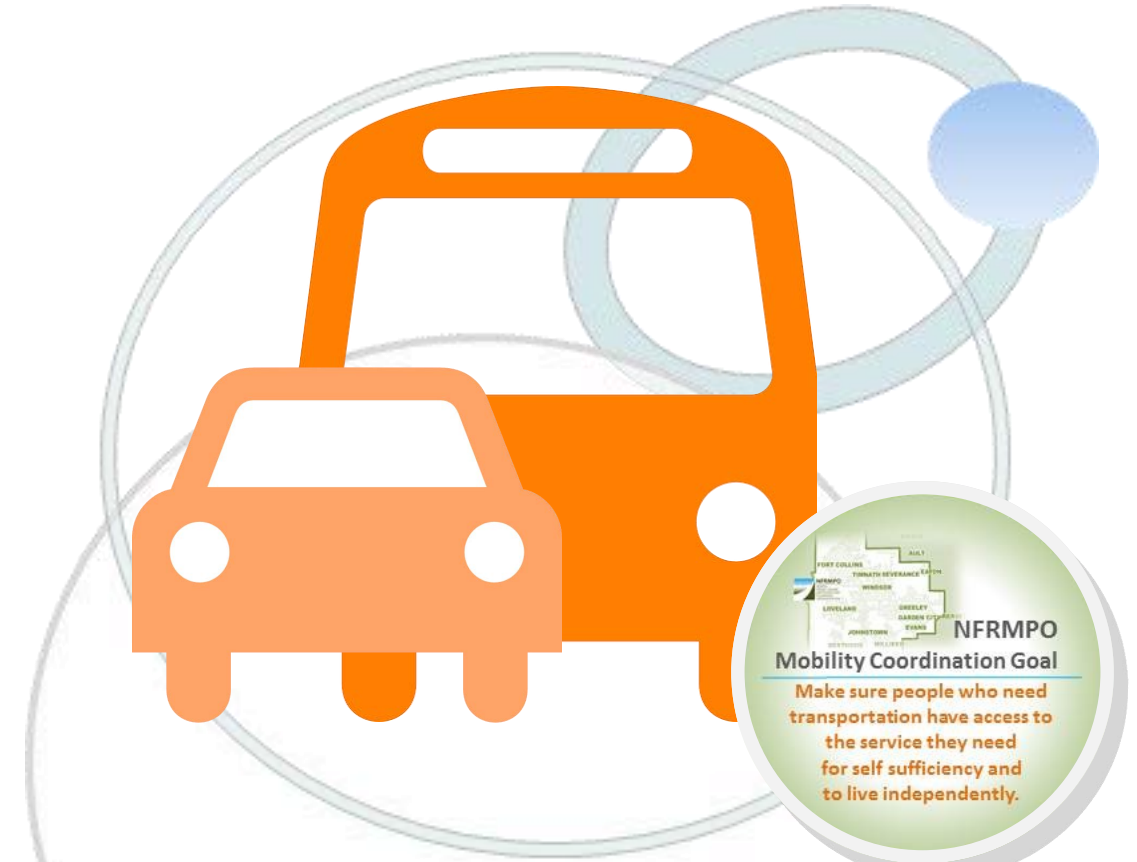

## North Front Range MPO RIDERS GUIDE

The North Front Range Metropolitan Planning Organization (NFRMPO) is an association of 15 local governments working together to improve regional transportation and air quality. Local governments offering transportation options is one way to work on both.

The NFRMPO Riders Guide is a resource for locating transportation services that offer alternatives to moving around the region by personal vehicle.

**NFRMPO**  
**Mobility Coordination Goal**  
Make sure people who need  
transportation have access to  
the service they need  
for self sufficiency and  
to live independently.

The NFRMPO Riders Guide is a collaborative effort between the NFRMPO, the Larimer County Mobility Committee, and the Weld County Mobility Committee who work on the goal of access for everyone to the services needed for self-sufficiency and independence.

Available in print and online, this guide provides an overview of public transportation services in the North Front Range area. For additional details on the services listed in this guide, contact the providers using the provided phone numbers and website addresses or visit [noco.findmyride.info](http://noco.findmyride.info) for direct links to provider websites and information.

## FIXED-ROUTE SERVICES

Buses which run along an established path at preset times picking up passengers at designated bus stops.

Typically, fixed-route service is characterized by printed schedules or timetables, with designated bus stops where passengers board and alight.

Most cities operate buses along fixed-routes because their communities have higher population densities, as well as frequently used origins and destinations concentrated along main arteries.

## EXPRESS ARROW

[www.blackhillstageline.com](http://www.blackhillstageline.com)

877-779-2999
