Enrollment Management & Student Access

Overview

Enrollment Management & Student Access is comprised of the following units: Admissions, Campus Recreation, Dining Services, Financial Aid, Housing & Residential Education, and Veterans Services. Attached you will find the 4th Period Dashboards for the aforementioned units as of May 31, 2018 compared to the same timeframe for the previous four years.

The purpose of the following dashboards is to provide visibility into Enrollment Management and Student Access performance indicators at a glance view. The data will be distributed two times per semester. The data will be reviewed in order to develop and assess improvement in areas that are key performance indicators for the University.

Enrollment management is a comprehensive process designed to help achieve and maintain optimum enrollment (recruitment, retention and graduation rates). It is an institution wide process that permeates virtually every aspect of the University's function and culture.

Notes:

⁽¹⁾

Prior to Fall 2016, Prospects were purchased leads. Beginning fall 2016, Suspects are purchased leads and prospects are now leads who have had an interaction with the University. Inquiries are prospective students who have created a myUNC account.

A 'visit' is defined as a meeting between a UNC Admission Counselor and either a school counselor and/or student (includes Application Days, High School Visits, and Special Presentations. Note: For Fall 2010, Application Day Visits started one month later due to program revision and staff training. Abandoned phone calls indicate the number of calls not picked up by a live person during normal business hours (8am – 5pm) (2)

Notes:

- (1) 'Other Members' category includes Faculty/Staff Dependents, Alumni, Retired Employees, and Affiliates.
- (2) Student numbers are showing a decrease. A decrease in operation hours over break times, combined what seemed like more pervasive illness and influenza over this winter season, may have contributed to the decrease in student activity.

 Training implemented to more accurately account for guests/visitors, in particular with Admission tour groups.
- Group Fitness Single Class Passes Sold is down due to successful marketing of Group Fitness Semester Passes, which reached maximum capacity this quarter.
- Locker sales are down due to increase use of Digital Lock lockers (free of charge), as well as an annual payment option being introduced, so some renewals will look less frequent/substantial until this option has been in the dashboard an entire annual cycle.
- Facility Rental Revenue numbers are being negatively impacted by the decrease in visits by Power to Play (PTP). PTP has recently built their own facility, and while they still use our facility periodically, they have had much less need to rent our spaces. Facility Rental revenue numbers are also susceptible to sporadic deposits from Conference Services, which are dependent upon when vendors make payment.

Notes:

- (1) Student Meal Counts are inclusive of Gourmet to Go & Bear on the Run, which are reported separately below the listing for total Student Meal Counts.
- (2) Bears Bistro was open for dinner only in 2013-2014. Bears Bistro is open continuously from 10:30-9:00 M-R & 10:30-3:00 F currently.
- (3) Missed Meal Factor is calculated only at the end of each semester.
- (4) Dining Dollars on two meal plans were increased from \$50 to \$75 per semester in AY13-14. A completely new meal plan structure including Bonus Meals, more Dining Dollars, and fewer dining room meals was implemented in AY14-15.
- (5) The commission for vending sales is received 6-10 weeks following the actual sale.
- (6) UNC will host 6 home football games in Fall 2017. UNC hosted 5 home football games in Fall 2016 plus 1 pre-season game, 6 home football games in Fall 2015, 5 home football games in Fall 2014, and 7 home games in Fall 2013. UNC hosts fewer baseball games (starting in Spring 2014) since joining the WAC which plays 3-game series instead of 4-game series.
- (7) Senior Nutrition meal prices increased from \$5.87 to \$6.05 per meal on 7/1/16 and currently remains at \$6.05 per meal. A salad bar option was added FY15-16 and is currently still being served with a minimum of 20 servings.
- (8) The Starbucks® contract was cancelled, and the store closed on 5/15/15.
- (9) The Taco Bell Express® contract was cancelled, and the store closed on 12/4/15.
- (10) The Blue Mug Coffee Shop opened across the street from Kepner Hall AY15-16.
- (11) Sushi With Gusto® opened on 10/10/16, replacing Taco Bell Express®.
- (12) Bears Mo'Jo Coffee Co. held a one-week soft opening (during Finals Week) in December 2015. They opened officially in January 2016. Bears Mo'Jo Coffee Co. permanently closed at close of business 05/04/2018 in anticipation of the opening of Pie Café at Campus Commons.
- (13) Construction of the new Campus Commons has impacted the Retail Dining revenue foot traffic has decreased significantly.
- Vending cash sales are trending down due to new readers on the machines that give customers more options, students using less cash / more Dining Dollars, and more Faculty/Staff Payroll Deduction usage.
- a. Dining Room cash sales are trending down for several reasons... for example: Admissions is paying for more prospective students (instead of them paying cash), special events like Homecoming Weekend brunch and Family & Friends Weekend brunch are not attended as much as they used to, students are using the Bonus Meals that come with their meal plan for guests instead of having to pay cash, and the culture on campus is changing in general (students are eating off campus more than in the past). Dining Room cash sales were flat in AY 17-18 due to the reasons listed above.
- (16) Total Retail Operations New Revenue calculation was introduced in AY 17-18.

Note:

⁽¹⁾ Data is not currently tracked based on changes from prior years. Hospitalizations listed under Health and Safety may include those students who have been transported for alcohol related issues, but may not include all of those who have been transported. Due to a change in staffing, numbers may have been reported a little differently for this current timeframe.

^{(2) 2012-2013, 2013-2014,} and 2014-2015 programming numbers reflect large campus events hosted by Residential Education, such as Northern at Night and Homecoming events. Starting in 2015-16 reporting we separated signature events including Homecoming and Halloween.

⁽³⁾ Mapworks student upload is decreased due to not loading on campus juniors and seniors this academic years as we have done in previous years. Contacts also went down as a result of fewer students to interact with as well as junior and senior interactions not being able to be entered.

⁽⁴⁾ Weekend events are down due to many student staff collaborating on programs together. This would be the same for why the attendance at weekend events is down as well. The overall amount of events is down due to staff collaborating on programs together.

⁽⁵⁾ Faculty in Residence programming numbers are up due to participating in Northern @ Night, about 1,000 students participated in the FIR booth. A very successful addition. If you remove that event you have an average participation of 26 which is still up from previous years, but more reasonable.

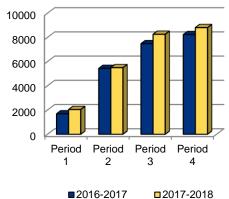

⁽⁶⁾ Grand Total All Events and All Attendance is inclusive of all weekday events and weekend events facilitated by a student staff member (RA, CA, DM, Community Council, and RHA & NRHH events not listed in the RHA Large Events Section), FIR Programs, RHA and NRHH Large Events (Northern at Night, Homecoming Bonfire
