

Outdoor Locations

Our outside sites are located throughout campus. Currently, UNC has **eight** outside locations available for recycle collection.

Hansen Willis Hall: located on the west side of building in the alley.

Harrison/Turner Hall: located south of each building in Turner drive parking lot.

North Hall: located on the northwest side of building in parking lot F.

President's Row: located directly north of buildings.

South Hall: located directly south of the hall, facing parking lot J.

Tobey - Kendall Hall: located on east side of building, along 9th Ave.

Wilson Hall: located on east side of building, along 9th Ave.

University Apartments: located inside the parking lot on the south side of Toussaint Hall.

***All outdoor recycle locations are found inside the dumpster enclosures.**

Outdoor Recycling Directions

All outside collection sites have separate containers for paper, commingle, and cardboard with identification plaques.

It is *very important* to separate recyclable materials into the proper container to prevent delays in the recycling process.

At times when the bins are full, placing *bagged* commingle items or *flattened* cardboard items on the side or on top of the bin is an acceptable way to drop off items.

***Remember these are not trash cans. Trash should be placed into the dumpster next to the recycle bins. This includes styrofoam, pizza boxes, or any items containing food.**

Questions

If you have any questions or concerns please call the Service Center at 351-2446.
