

Asbestos Database

The Environmental Health and Safety Department has produced a database that contains a comprehensive inventory of all asbestos containing materials (ACM) in most facilities on campus. The following departments currently have access to this database:

Environmental Health and Safety

Facilities Management

Housing and Residential Education

Information Management and Technology

Planning and Construction

To register for access to the database, please call (970) 351-1963. For additional information contact the Facilities Management Service Center at (970) 351-2446.
