Newly approved catalog language to replace existing language:

Mutually Exclusive Courses

Courses carry a mutually exclusive designation when the content of each course is highly similar or identical to the other(s). In those cases, credit will only be granted for one of the mutually exclusive courses. Courses with mutually exclusive designation have a statement that students may only earn credit for one course; e.g., 'Credit allowed for only one of these courses: [ENST 356](#) or [ECON 356](#).' Registration for any mutually exclusive variant of a course will be prohibited while a mutually exclusive course is in progress, and once a passing grade has been posted (e.g., a student who is currently enrolled in ENST 356 or has received a passing grade in ENST 356 will be prevented from registering for ECON 356). Students wishing to apply the grade replacement policy to a mutually exclusive course must repeat the same course originally taken (a mutually exclusive variant of the course may not be used for grade replacement).
