

What are All Gender Restrooms?

All Gender Restrooms are facilities that people of any gender expression or gender identity are permitted to use.

Why do we need them?

For people with disabilities who might need an attendant of a different gender to accompany them to the restroom.

For campus members and visitors who identify as Transgender/Non-binary.

A recent survey found that almost 60 percent of transgender Americans have avoided using public restrooms for fear of confrontation, saying they have been harassed and assaulted, according to the largest survey taken of transgender people in the United States. (National Center for Transgender Equality, 2016).

For parents/guardians who need to accompany a child of a different gender to the restroom.

At UNC we want to provide options for everyone to have a welcoming and equitable experience on our campus.
