

OPTIONAL PRACTICAL TRAINING

Optional Practical Training (OPT) allows F-1 students to engage in work that is directly related to their major area of study for 12 months during the 14 months after they complete their programs.

You may be authorized for temporary employment:

- After you have finished your program (most students choose this option)
OR
- Before you have finished your program, but after you have completed all course work (very rare)

The earliest you may apply for Post Completion OPT is **90 days (3 months)** before your program completion date, the latest you can begin is 60 days after you complete your program. The latest we recommend applying is 30 days after your program completion date.

You must be in F-1 status and enrolled full time for at least **1 academic year** before OPT may begin.

While on OPT you are still in F-1 status and you must still maintain ties with the University of Northern Colorado and CIE as your SEVIS record remains active through us.

- Please bring CIE a copy of:
 - The receipt notice you (or CIE if mailing here) should receive 2 weeks after applying
 - Your card (your “EAD” - “Employment Authorization Document”) in the letter in which it was enclosed
- To check on the progress of your application, go to www.USCIS.gov then click “Check your Case Status” and type in your receipt number (i.e., YSC0123456789). This site is updated when applications are processed, and states the mailing date EAD's or requests for information
- Travel and reentry after applying for OPT:
 - Prior to graduation travel is the same as before you applied for OPT
 - You may travel while your application for OPT is **pending**, although this is not recommended. You will need to carry with you a copy of your receipt notice for reentry into the US.
 - Once your OPT has been approved, you must keep with you your EAD document for travel. It is recommended that you also have a letter from your employer for reentry into the US.
 - You still need to first obtain a travel signature on your I-20 from a DSO at UNC. Travel signatures must be dated within 6 months while you are on OPT. You will need to carry:
 - your I-20, signed within the last year
 - your EAD (OPT card)

 - your valid passport
 - letter of employment (optional)
- CIE must maintain a current SEVIS record for you, you must notify us when you
 - change your physical address or name
 - obtain or change employment
 - leave the U.S. permanently
 - change your status to something else (for example, if you become a permanent resident, or H-1 B). Provide a copy of your approval notice so that we can terminate your record in SEVIS
- Drivers Licenses can be renewed only for the dates on your EAD.
- If unemployed for more than a total of 90 days OPT may be terminated and you could be required to leave the US
- Authorization for OPT will be automatically terminated if you enroll again as a full-time student
- You may be eligible to extend OPT for an additional 24 months. Minimum qualifications include:
