### Frontiers of Science Institute

FSI is a privately funded, six week, summer residential program designed to boost the STEM aspiration and achievement levels of Colorado's current high school sophomores and juniors. By immersing motivated students in a learning-for-the-thrill-of-learning hands-on STEM experience, FSI helps students identify and explore their interests so they can set and begin to realize their personal, educational...

Greeley, CO, USA | <http://www.fsiunc.org>

**Are you a part of a division within this company?**

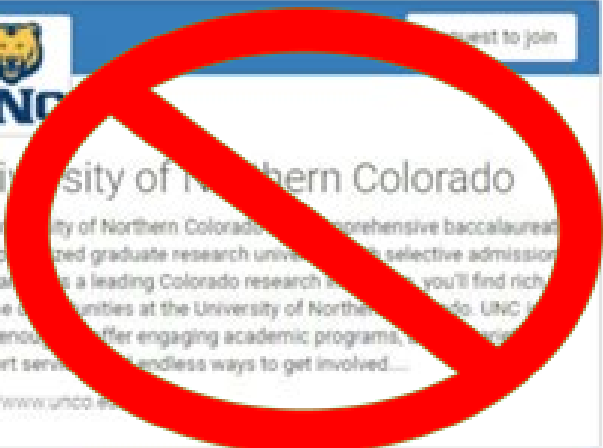

No problem. First join your company. Then after activating your account, create a smaller group within your company profile to tailor your content to students.

**Unable to join?**

For security reasons, if you're using a personal email address you won't be able to join this company. Either contact us or start the sign-up process over with your company email address.

**Not your company?**
