

This list was published so that graduate and undergraduate students at UNC may learn about the variety of conferences available and contact past conference attendees for guidance. These students applied for conference grants during 2016-2017 fiscal year. Students listed may or may not have received grant funding. If an entry is listed with a non-specific graduate program, that entry was received during a grant cycle in which applicants could type in their own program rather than selecting from a list of programs.
