To Whom It May Concern,

\_\_\_\_\_ is submitting an application for a UNC Graduate Student Association research grant. Included in this student's grant application is a copy of my IRB/IACUC approval to conduct the experiments described in the application. Although the student's name is not on my IRB/IACUC approval letter, they are approved to perform all of the described experiments and their name appears on my protocol that has been approved by the UNC IRB/IACUC. If you have any questions or concerns, please feel free to contact me.

Sincerely,
