Other information

- Every final Honors Capstone project must be approved by the Honors Program and Schulze Chair and
 presented in a public forum to fulfill the capstone requirement. Students who choose a departmental
 capstone course should consult regularly with the Honors Program Schulze chair to ensure they are on
 track to meet this requirement.
- Students who complete the Honors Capstone Project without completing the full University Honors experience will receive an "Honors Capstone" designation on their transcript.
- The Honors Capstone is embedded in the full University Honors program. Students who complete the full program earn recognition at commencement and a designation of "University Honors" on both their transcript and diploma.
