<i>Consider: UNIV 101 http://www.unco.edu/university-101/</i> Designed to help freshman successfully navigate the first semester of college. Each course is small, highly interactive with an interdisciplinary focus on reading, writing, critical thinking, and communication skills.		<i>Consider: Intro level LAC class for potential minor programs*</i> Students often minor in fields such as GIS, political science, earth science, or communication. This allows for the application of sustainability context within a specific skill set or discipline	
YEAR 2 - FALL (15 credits)		YEAR 2 - SPRING (16 credits)	
ENST 265 Conservation of Natural Resources	3 credits	SOC 231 Introduction to Sociological Practice	3 credits
ENST Physical Category	3 credits	ENST Physical Category	3 credits

University Electives	3 credits		

Admission Requirement – No separate admission requirement.

*** Minor -- No Minor Required (* refer to notes in Year 1 and Year 2 Spring Semester for adding a minor)**

This worksheet is one possible recommended plan to complete your bachelor's degree in 4 years. Every UNC student must meet the following requirements in order to graduate with a bachelor's degree: earn a minimum of 120 semester credit hours; possess a minimum of a 2.00 cumulative grade point average; have at least 40 credit hours in courses designated as Liberal Arts Core; meet all degree requirements in the student's major field of study. Each major and/or emphasis may have additional requirements necessary for graduation. **Students must consult with their major advisor to receive information on any additional graduation requirements.**

SOC 333 Social Class & Inequality

SOC 430 Organizational Analysis

SOC 444 Sociology of Law

SOC 479 The Community

OTHER WAYS TO GET INVOLVED IN NON-ACADEMIC ENVIRONMENTAL RELATED PROGRAMS ON CAMPUS:

UNC Earth and Environmental Network

This network is a way for students to connect with and understand our environmental programs at UNC. To that end, we've launched a series of social media and networking pages and encourage you to join and add your environmental major and minor colleagues. We'll be posting jobs, internships, workshops, events, and information that we think you may find interesting. We also encourage you to ask questions and provide feedback to each other as you navigate your academic and professional careers.
