ENST Social or Physical Category	3	ENST 315 Nature and Society	3
ENST Social or Physical Category	3	ENST Social or Physical Category	3
ENST Social or Physical Category	3	ENST Social or Physical Category	3
ENST Social or Physical Category	3	University Elective	3
University Elective	3	Liberal Arts Core	3
YEAR 4- FALL (15 credits)		YEAR 4- SPRING (15 credits)	
ENST Applied Category	3	ENST 405 Senior Seminar (Core)	3
University Elective	3	University Elective	3
University Elective	3	University Elective	3
University Elective	3	University Elective	3
Liberal Arts Core	3	Liberal Arts Core	4

Admission Requirement – No separate admission requirement

This worksheet is a recommended schedule to complete your bachelor's degree in 4 years. Every UNC student must meet the following requirement in order to graduate with a bachelor's degree: earn a minimum of 120 semester credit hours; possess a minimum of a 2.00 cumulative grade average; have at least 40 credit hours in courses designated as LAC; meet all degree requirements in the student's major field of study. Each major and/or emphasis may have additional requirements necessary for graduation. **Students must consult with their major advisor to receive information on any additional graduation requirements.**

Other ways to get involved in ENST related programs:***UNC Earth and Environmental Network***

This network is a way for students to connect with and understand our environmental programs at UNC. To that end, we've launched a series of social media and networking pages and encourage you to join and add your environmental major and minor colleagues. We'll be posting jobs, internships, workshops, events, and information that we think you may find interesting. We also encourage you to ask questions and provide feedback to each other as you navigate your academic and professional careers.

Student LEAF

Founded in 2012, the mission of Student LEAF is to empower students in transforming the campus community to a more sustainable culture. This is achieved through collaborative proposing and evaluation of projects by students, faculty, and staff. Projects include facilities improvements and education initiatives that promote resource efficiency and an environmentally conscious lifestyle. We invite any member of our campus community to join our weekly meetings and participate in project development. In 2015, UNC began contracting with McKinstry, an energy auditing and efficiency company. Student LEAF partners with McKinstry in educational efforts across campus designed to encourage students to observe their energy use and increase energy efficient choices through the People Power Planet dashboard (linked below).

Earth Guardians

Earth Guardians is growing a resilient movement with youth at the forefront by empowering them as leaders and amplifying their impact. We invite you to join us in our mission to protect the planet for future generations. No matter how old you are, you can make a difference. UNCO Earth Guardians is a crew that collaborates with UNCO students and Greeley and Ft. Collins residents to raise awareness on environmental issues and actions.
