PART B: SUMMARY OF BENEFITS

Important Note: This form is not a contract, it is only a summary. The contents of this form are subject to the provisions of the policy, which contains all terms, covenants and conditions of coverage. Your plan may exclude coverage for certain treatments, diagnoses, or services not noted below. The benefits shown in this summary may only be available if required plan procedures are followed (e.g., plans may require prior authorization, a referral from your primary care physician, or use of specified providers or facilities). Consult the actual policy to determine the exact terms and conditions of coverage. Coinsurance and Copayment options reflect the amount the covered person will pay.

| | Prescription Drugs will always be dispensed as ordered by your provider and by applicable State Pharmacy Regulations, however you may have higher out-of-pocket expenses. You may request, or your provider may order, the brand-name drug. However, if a generic drug is available, you will be responsible for the cost difference between the generic and brand-name drug, in addition to your tier 1 generic Copayment. The cost difference between the generic and brand-name drug does not contribute to the out-of-pocket annual maximum. | | | | | | | | |

1. "Network" refers to a specified group of physicians, hospitals, medical clinics and other health care providers that your plan may require you to use in order for you to get any coverage at all under the plan, or that the plan may encourage you to use because it may pay more of your bill if you use their network providers (i.e., go in-network) than if you don't (i.e., go out-of-network).

2. "Deductible Type" indicates whether the deductible period is "Calendar Year" (January 1 through December 31) or "Benefit Year" (i.e., based on a benefit year beginning on the policy's anniversary date) or if the deductible is based on other requirements such as a "Per Accident or Injury" or Per Confinement".

2a. "Annual Deductible" means the amount you will have to pay for allowable covered expenses under a health plan during a specified time period (e.g., a calendar year or benefit year) before the carrier will cover those expenses. The specific expenses that are subject to deductible should vary by policy. Expenses that are subject to deductible may be noted.

2b. "Individual" means the deductible amount you and each individual covered by a non-HSA qualified policy will have to pay for the allowable covered expenses before the carrier will cover those expenses. "Single" means the deductible amount you will have to pay for allowable covered expenses under an HSA-qualified health plan when you are the only individual covered by the plan.

2c. "Family" is the maximum deductible amount that is required to be met for all family members covered by a non-HSA qualified policy and it may be an aggregated amount (e.g., "\$3,000 per family") or specified as the number of individual deductibles that must be met (e.g., "3 deductibles per family"). "Non-single" is the deductible amount that must be met by one or more family members covered by an HSA-qualified plan before any covered expenses are paid.

3. "Out-of-pocket maximum" Means the maximum amount you will have to pay for allowable covered expenses under a health plan, which may or may not include the deductible or Copayments, depending on the contract for that plan. The specific deductibles or Copayments included in the out-of-pocket maximum may vary by policy. Expenses that are applied toward the out-of-pocket maximum may be noted.

4. Medical office visits include physician, mid-level practitioner, and specialist visits.

5. Well baby care includes an in-hospital newborn pediatric visit and newborn hearing screening. The hospital Copayment applies to mother and well-baby together: there are not separate Copayments.

6. Prescription drugs otherwise excluded are not covered, regardless of whether preferred generic, preferred brand name, or non-preferred.

7. "Emergency care" means all services delivered in an emergency care facility which is necessary to screen and stabilize a covered person. The plan must cover this care if a prudent lay person having average knowledge of health services and medicine and acting reasonably would have believed that an emergency medical condition or life- or limb threatening emergency existed.

8. Grievances. Colorado law requires all plans to use consistent grievance procedures. Write the Colorado Division of Insurance for a copy of those procedures.

Cancer Screenings

At Anthem Blue Cross and Blue Shield and Our subsidiary company, HMO Colorado, Inc., We believe cancer screenings provide important preventive care that supports Our mission: to improve the lives of the people We serve and the health of Our communities. We cover cancer screenings as described below.

Pap Tests

All plans provide coverage under the preventive care benefits for a routine annual pap test and the related office visit. Payment for the routine pap test is based on the plan's provisions for preventive care. Payment for the related office visit is based on the plan's preventive care provisions.

Mammogram Screenings

All plans provide coverage under the preventive care benefits for routine screening or diagnostic mammogram regardless of age. Payment for the mammogram screening benefit is based on the plan's provisions for preventive care and is normally not subject to the deductible or coinsurance.

Prostate Cancer Screenings

All plans provide coverage under the preventive care benefits for routine prostate cancer screening for men. Payment for the prostate cancer screening is based on the plan's provisions for preventive care and is normally not subject to the deductible or coinsurance.

Colorectal Cancer Screenings

Several types of colorectal cancer screening methods exist. All plans provide coverage for routine colorectal cancer screenings, such as fecal occult blood tests, barium enema, sigmoidoscopies and colonoscopies. Depending on the type of colorectal cancer screening received, payment for the benefit is based on where the services are rendered and if rendered as a screening or medical procedure. Colorectal cancer screenings are covered under preventive care as long as the services provided are for a preventive screening. Payment for preventive colorectal cancer screenings is based on the plan's provisions for preventive care and is not subject to deductible or coinsurance.

The information above is only a summary of the benefits described. The Booklet includes important additional information about limitations, exclusions and covered benefits. The Schedule of Benefits (Who Pays What) includes additional information about Copayments, Deductibles and Coinsurance.
