

Guide for Microsoft's Multi-factor Authentication (MMFA) for VPN

If you haven't already downloaded the VPN Client, you will need to download the installer from the [UNC VPN SharePoint site](#). Login with your first.last account to access the page. Once the installer is downloaded, run it and proceed through the install prompts.

Once you open the client, enter your first.last@unco.edu

A screenshot of the Cisco AnyConnect Login window. The window has a title bar that says "Cisco AnyConnect Login". The main content area features the University of Northern Colorado logo at the top left. Below the logo, the text "Sign in" is displayed. Underneath, there is a text input field containing "user@unco.edu". To the left of the input field, there is a link that says "Can't access your account?". To the right of the input field, there is a blue button labeled "Next". Below the input field, there is a paragraph of text: "By using this system you agree to the terms at: https://www.unco.edu/trustees/pdf/university-regulations.pdf". At the bottom of the main content area, there is a link with a magnifying glass icon that says "Sign-in options". The background of the window shows a blurred image of a building and trees. At the bottom right of the window, there are links for "Terms of use", "Privacy & cookies", and a three-dot menu.

Then enter your password
