

PCI DSS 3.1 Policy for Data Disposal at UNC Template

Purpose

This document defines the University of Northern Colorado's policy regarding PCI DSS 3.1 destruction of card holder data for <INSERT NAME OF DEPARTMENT/BUSINESS/ORG> at UNC.

Applies To

This Guideline applies to all students, faculty, staff, or third parties that work in a PCI environment at UNC.

Definitions

PCI – Payment Card Industry

DSS – Data Security Standard

POS – Point of Sale

PCI Environment – Any system, computer, or physical area that supports, interacts with, or is physically located in an area that is in contact with credit cards or credit card numbers.

CHD – Card Holder Data

Guidelines

The destruction of physical card holder data should be carried out as follows:

1. Paper copies can be cross-cut shredded, incinerated or pulped so that no data retrieval is possible.

The destruction of physical media containing card holder data should be carried out as follows:

1. Physical destruction of the media
2. Demagnetizing of the media

The secure deletion of electronic records should be carried out as follows:

1. The files must be securely deleted using a NIST recommended method
