

Submitting Final Grades in Ursa

[Click for deadlines for submitting final grades](#)

Final grades are due three working days following the last day of the class for short term courses. Final grades are due each term by 5 p.m., the Wednesday following the last day of finals week for full term courses. For information on the grading policies, including submissions, corrections, UW grades, and incomplete guidance please refer to the university catalog [Undergraduate Catalog](#) [Graduate Catalog](#) Faculty must have URSA access to enter grades online. If you do not have access to URSA, please go to <https://help.unco.edu> for further assistance.

1. Log on to URSA at <https://ursa.unco.edu> using your firstname.lastname and password.
2. Click on the Employee tab and Final grades link

3. Under Faculty grade entry select Final Grades and click on the course title of the course that final grades need to be entered for

4. Courses that have no final grades entered will show up with a grading status and a rolled status of Not Started

5. Courses that have partial grades entered will show up as In Progress

6. For each student choose the appropriate grade from the drop down

7. Please make sure to **Save** often

8. Last Date of Attendance only needs to be entered for students who have failed the course. If a failing student does not have a last date of attendance entered the roster will not save. UNC does not use the Hours Attended option.

9. Continue selecting grades, while saving often until all students have a selected grade.

10. Hit Save

11. After all grades are submitted, please check that the Grading Status box has changed from 'In Progress' to 'Completed.'

12. The status of Rolled 'In Progress' means changes can still be made in Ursa and the student cannot view

their grade. A status of 'Completed' under rolled means the grade can only be changed using a Grade Change Request form and the final grade will appear on the student's Ursa and transcripts. Final grades will roll (save to academic history) overnight.

Important Notes:

1. Please check for additional pages of student grades if the roster is longer than 25 students
2. Please remember to never share your passwords for any reason. Providing your URSA password gives others access to many other things you have access to such as your pay information, email, etc. Sharing passwords is a violation of the University Regulations. If you need access, you do not currently have, please call the Technical Support Center at 970-351-HELP.
3. The Office of Financial Aid will use Ursa-generated Last Attended Date information to comply with federal financial aid reporting regulations related to financial aid recipients who are not making satisfactory academic progress. This will preclude OFA staff sending e-mails to faculty within each semester asking for last dates of attendance for affected students. If you have any questions regarding the federal financial aid reporting requirements for satisfactory academic progress, please contact Marty Somero, Director of Financial Aid, at marvin.somero@unco.edu.
