The mission of the Office of Institutional Reporting and Analysis Services is to analyze, and disseminate information in support of university strategic planning, policy formulation, enhanced decision-making, assessment, and compliance reporting. IM&T and in particular IRAS strives to provide information of the highest quality to UNC constituents and external entities that is understandable, insightful, timely and easily accessible.

General Information/Purpose

The Fall 2018 Fact Book was designed with the intention of providing UNC faculty, staff, students, as well as community partners, baseline information about UNC as part of a tradition of public accountability and transparency. Several principles guided the design of the final product including the intention to fulfill baseline knowledge needs about UNC's current students, provide longitudinal enrollment data where possible, and finally, use existing data from federal and state reporting so that statistics could be efficiently prepared and, in the future, usefully benchmarked. While many fact books include information about financial aid and financial revenue, this fact book is exclusively focused on students and employees.

There are five main sections:

- I. Overall Student Enrollment – Undergraduate and Graduate
- II. New Recruitment and Enrollment Profiles by Fall Term – Undergraduate and Graduate
- III. New Undergraduate Student Success Outcomes
- IV. Degrees Awarded – Undergraduate and Graduate
- V. Staffing Information

As a general reporting practice, most fact books consist of a series of tables and charts with very little narrative analysis. In addition, the analytic principle of parsimony drives the design of each analysis, which means that, in some cases, end users will have to calculate their own percentage breakdowns and/or grand totals using the data provided. The following pages include data definitions that may be useful for those not accustomed to higher education data and terminology, as well as a message about inclusive language from the VP for Campus Community and Climate. Definitions are in order of appearance and grouped by analytic section (I-V).

We expect future fact book versions to expand on the information that is included here.

Definitions for 2018 Fact Book

Section I – Student Enrollment – Undergraduate and Graduate

Headcount Enrollment - Number of students enrolled in at least one credit-bearing course after final grades for the semester. In this case, headcount enrollment is final enrollment for fall.

Undergraduate Enrollment - Enrollment numbers for Undergraduate (UG) students only; in most cases the student is working towards a Bachelor's degree or is enrolled in 100-400 level courses.

Graduate Enrollment – Enrollment numbers for Graduate (GR) students only; the student has a Bachelor's degree and is working on an advanced degree such as a Masters, Specialist, or Doctoral program or are pursuing a license.

Main Campus - Main campus students include students with one or more state-funded hours.

Extended Campus – Extended campus students are students with only cash funded courses.

Percent Change - Is the measure of change from Fall Final 2013 to Fall Final 2018 as a percentage. Caution: When considering % change, it is important to note that increases or decreases in categories with low numbers will result in high percentage change.

First Generation College Student – First generation is defined as a student who reported that neither parent/guardian has received a Bachelor's degree.

Pell Recipient – Pell Recipient is defined as a student who was offered a Pell grant > \$0.

Veteran Status – Veteran Status, over the course of the longitudinal history included in this fact book, is defined by a combination of self-identified veteran status or certified military benefits variables.

Gender – Gender is self-reported by the student. Unreported is coded as Unknown.

Race/ethnicity – Race/ethnicity is self-reported by the student. Students may leave the question blank but cannot indicate 'Do not wish to provide.' Race/ethnicity definitions follow federal reporting standards and have changed over the course of the longitudinal history reported here. See: https://nces.ed.gov/ipeds/Section/ana_Changes_to_25_2007_169.

Temporary U.S. Resident - Temporary U.S. Residents are students with a visa who are in this country on a temporary basis.

Minority Status – Minority student status includes students of Hispanic/Latino, Black/African American, Asian, Native Hawaiian/Pacific Islander, Native American and Multi-racial descent.

Latinx/Hispanic – a gender neutral alternative to Hispanic/Latino indicator. Latinx/Hispanic is equivalent in meaning to the federal terminology 'Hispanic/Latino'.

Residency Status – A *resident* student is classified as an in-state student for tuition purposes. A *WUE* student is classified as Western Undergraduate Exchange program. See: <http://www.wiche.edu/wue> or Registrar <http://www.unco.edu/registrar/residency/>. *Non-resident* includes students who do not meet requirements for in-state tuition and are not part of the WUE program. May also include students of unknown residency.

Section II – New Recruitment and Enrollment Profile

New First Time – New first time is defined as a student attending post-secondary education for the first time after high school at the undergraduate level. New first time excludes non-degree seeking students. Some first time students enter with enough credits that they are technically not freshmen in credit count.

Transfer – New transfer students are undergraduate students who are enrolled in their first term and have earned college credit(s) at another institution. Transfer students are expected to be in good standing at all previous institutions. Strong candidates at admission have: a minimum of 30 college-level credit hours and a cumulative 2.4 GPA or higher from all institutions attended.

Applied - Student has submitted a completed application for review to attend the University.

Admitted - Student has been admitted to the University and qualifies for enrollment in coursework.

Enrolled - Student enrolled in courses at the University.

Yield - Percentage of admits who enroll each term.

In State – Student is classified as resident for tuition purposes.

Out of State – Student is classified as non-resident for tuition purposes. Out of State includes WUE (Western Undergraduate Exchange students and students with unknown residency).

Section III – Undergraduate Student Success Outcomes

First Time Full Time Freshmen Cohort – Includes students who were classified as ‘First Time’ based on fall final registration status, or first time in summer directly preceding fall term, and were full-time (defined as 12 or more credits) in the fall term.

Transfer Full Time Cohort – Includes students who were classified as ‘Transfer students’ based on fall final registration status, and were full-time (defined as 12 or more credits) in the fall term.

Underrepresented Minority Status – Colorado defines underrepresented higher education populations as students with Hispanic/Latino, African American, Native American, or Native Hawaiian/Pacific Islander descent.

Section IV – Degrees Awarded – Undergraduate and Graduate

Degrees Awarded – Type and number of degrees awarded to students in an academic year. Undergraduate: Bachelor of Arts and Bachelor of Science degrees; Graduate: Masters, Specialist and Doctorate degrees.

Academic year – Defined as 3 semesters beginning with summer, fall and spring. This definition of academic year is most consistent with IPEDS degrees awarded reporting.

Section V – Staffing Information

Instructional Staff – An occupational category that is comprised of staff who are either: 1) Primarily Instruction or 2) Instruction combined with research and/or public service. The intent of the Instructional Staff category is to include all individuals whose primary occupation includes instruction at the institution.

Full Time – The type of appointment at the snapshot date of November 1st determines whether an employee is full-time or part-time. The employee’s term of contract is not considered in making the determination of full- or part-time. Staff have to be categorized as having 0.75 FTE (Full Time Equivalence) or more to be considered full-time, unless they are faculty on sabbatical, which are included in full-time faculty counts.

Academic Rank – A status designated by the institution according to the institution’s policies. The IPEDS HR survey that is mandatory we report to includes the ranks of Professor, Associate Professor, Assistant Professor, Instructor, and Lecturer.

Tenure – Status of a personnel position with respect to permanence of the position.

Tenure track – Personnel positions that lead to consideration for tenure.

Not on tenure track – Personnel positions that are considered non-tenure earning positions.

Notes: All staffing information definitions come from IPEDS glossary.

***In December 2019, the fact book was updated to change several charts to degree seeking to more accurately portray the student body at UNC. A couple changes were also made to the faculty by college tables.**

A note on terminology from UNC's VP of Campus Community and Climate:

"The redesign of the UNC Fact Book was a collaborative process involving Institutional Reporting and Analysis Services, the Division of Academic Affairs, as well as Campus Community and Climate. As one of the members of the design team, I am pleased we are releasing the Fall 2018 UNC Fact Book and making our institutional outcomes easily accessible and transparent. The terminology used in the UNC Fact Book this year reflects federal and state reporting standards. When reporting to, or obtaining data from these agencies, institutions are required to categorize with these specific terms. As an institution, we recognize this terminology is challenging and we are committed to providing future institutional reports with more inclusive reporting categories."

Vice President, Campus Community and Climate

Source: Special report created in IRAS for Fact Book. HSS and MCB do not have doctoral programs and UC only offers undergraduate degrees. Over the longitudinal history displayed here, some programs have moved colleges. If a student earns multiple degrees from different colleges, they can be counted more than once. The students that earn degrees from different colleges creates slightly higher totals than the next two charts, which are one count per student per student level.
