

# VeriCite Quick Start Guide

Plagiarism happens ~ it is a sad and simple truth. UNC offers VeriCite, an anti-plagiarism tool embedded in Canvas, to help detect instances of plagiarism. This third party tool is integrated with both Assignments and Grade Book. No anti-plagiarism tool is perfect, so be sure to trust your instincts about plagiarism and check multiple sources if you suspect that a paper is not original work. To get started using VeriCite in Canvas:

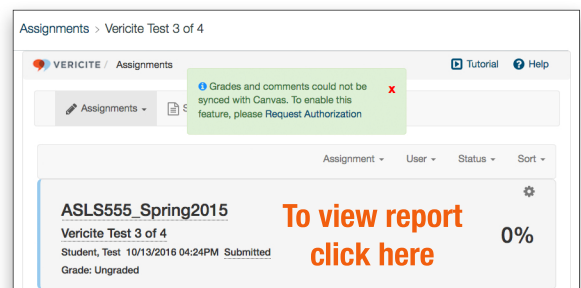

(1) Create a new Assignment and fill out assignment details. Under Submission Type, select External Tool:

(2) Scroll through the tool options and select VeriCite. Remember to Save & Publish when you complete the assignment details:

(3) After students submit their work, click on the box around the paper to view report:
