

APA TUTORIAL FOR UNDERGRADUATE STUDENTS

Canvas Import Instructions

The APA Tutorial for Undergraduate Students discusses both APA reference citations and in-text citations, as well as formatting a paper in APA style, including the title page, headings and such details as margins and typeface. By completing the tutorial students will be able to:

- Apply the APA reference citation rules
- Use RefWorks to create an APA reference list
- Write correct APA in-text citations
- Create an APA title page
- Create correct APA headings
- Find additional APA help

Embedding the APA Tutorial into a Canvas Course

1. Login to Canvas
2. From the left sidebar menu select the Commons icon

3. Search for “APA tutorial for undergraduate students” and select the module

4. From the right menu select “Import/Download”
5. Select your course(s)
6. Select “Import into Course”
