UNC is known for its strong, supportive community and understands how important it is to be part of a community and feel a sense of belonging. UNC Housing has created three residential neighborhoods on campus to provide our community of Bears with the support and resources they need to succeed.

### THE BASIN NEIGHBORHOOD | [basin.desk@unco.edu](mailto:basin.desk@unco.edu)

The Basin Neighborhood is located the closest to Athletics facilities, the Gear Shop and Outdoor Pursuits, the Campus Recreation Center, Holmes Dining Hall and Michener Library on West Campus. The Basin Neighborhood is great for students who want to be in the middle of all the campus action but also within walking distance of numerous areas where students can study, attend athletic events, play disc golf, eat with friends and socialize. The Basin Neighborhood desk is in Harrison Hall.

The suite-style living and winter/spring break availability make Harrison a great option.

Turner is home to the Criminology and Criminal Justice Residential Connection. Between classes, Bears can enjoy blue skies and fresh air on the Turner Green, scenic views from one of Turners 13 TV lounges or playing games together in the game room and lounges.

## NEIGHBORHOOD FEATURES

There are a variety of accommodations across each neighborhood and students can work with the Disability Resource Center to make sure we find the spot on campus that works best for them. Each neighborhood features the following services to help residents succeed.

### COMMUNITY ENGAGEMENT CENTER

This is a community development and engagement space located within each neighborhood where students can congregate with friends, explore campus resources, engage in skill development, and participate in events and activities hosted by your community.

### NEIGHBORHOOD DESK OPERATIONS

Each neighborhood has one front desks that serves the entire neighborhood and is open from 8 a.m. to 2 a.m., seven days a week. The neighborhood desks are the best places to get information about housing and residential education, campus, and the Greeley community. Each desk provides assistance with the following needs:

- Answering questions
- Providing cleaning supplies
- Submitting room repair requests
- Connecting with a Housing & Residential Education staff member
- Scheduling appointments with the Neighborhood Coordinator or a check in/check out

### RESIDENT ASSISTANTS

RAs are student staff members whose primary role is to connect with residents, build community, aid your transition to UNC, and be a resource to you throughout your on-campus living experience.

### NEIGHBORHOOD COORDINATORS

Each neighborhood has two master's level live-in Neighborhood Coordinators who supervise the day-to-day operations of the community. Your Neighborhood Coordinator is a great resource for you while living on campus and if they can't answer your questions, they always know who can! In addition to the basics of managing their communities, each Neighborhood Coordinator has an area of emphasis:

- **Neighborhood Coordinator for Community Engagement** oversees the programming and community development efforts of our Community Engagement Centers
- **Neighborhood Coordinator for Community Standards** works closely with our Dean of Students and Community Standards and Conflict Resolution office to meet with students and help to enforce standards of student conduct and to promote a safe and respectful living and learning environment.
