

UNIVERSITY OF
NORTHERN COLORADO

**UNC Board of Trustees Resolution Regarding Proposition CC
And Its Impact on The Availability of State Funds for Public Education**

WHEREAS, despite its robust economy, Colorado cannot make needed investments in public education including K-12 and higher education because of current spending limits established in 1992; and

WHEREAS, Colorado ranks among the bottom states in the country in its funding for public higher education; and

WHEREAS, this fall, by voting in favor of Proposition CC, Coloradans have an opportunity to increase the state's investment in its higher education and K-12 education systems; and

WHEREAS, this additional support for higher education and K-12 education will be provided without raising taxes, with unprecedented transparency and accountability, including independent, annual, publicly available audits so Coloradans can see where their money is being spent.

NOW, THEREFORE, BE IT RESOLVED that the Board of Trustees for the University of Northern Colorado officially declares its support for Proposition CC in order to increase the state's investment in higher education and K-12 education, both at the University of Northern Colorado and across the state.

APPROVED this 23RD day of September, 2019.
