- Students will enroll in 1 credit of ASLS 720 Supervised Teaching Fall or Spring of Year 2 (the class is not offered during summer semesters).
- Students will enroll in 2 credits of ASLS 580 Practicum in Rehabilitative Audiology. This course should be taken between Summer Year 1 and Fall Year 3.
- Students are required to take a minimum of 2 hours of elective coursework during the first three years to supplement individual career goals.
- ASLS 508 (1-3) special topics workshop courses are offered periodically. Recent topics include Intraoperative Monitoring and Tinnitus. ASLS 508 can be used to meet the elective credit requirement.
- Students who have not taken a course above and beyond basic audiology during their undergraduate degree program may need to enroll in ASLS 587 Advanced Audiology (3) during their first semester. This class cannot be used to meet the elective credit requirement.
- Students interested in obtaining the Graduate Certificate in Animal Audiology should discuss this with one of the Animal Audiology faculty in the ASLS program to determine a plan for completing the appropriate coursework. Animal Audiology coursework can be used to meet the elective credit requirement.
- Students will be assigned ABR/APD/CI patients on a rotating basis Spring Year 2 through Fall Year 3 in addition to regularly scheduled ASLS 594 clinic.
