

## Research Participants Needed!

Dr. Kim Murza, an assistant professor in the Department of Audiology & Speech-Language Sciences at the University of Northern Colorado, is doing a study to evaluate **emotion mimicry ability** in adolescents and adults with high-functioning autism spectrum disorder and their peers without disabilities. Individuals interested in participating will complete a brief questionnaire and a case history form and participate in a 5-minute assessment of their facial expression mimicry ability.

### Who's Eligible?

- Adolescents and adults 14-years and older with high-functioning autism spectrum disorder
- Adolescents and adults 14-years and older that do not have a disability
- Individuals with normal hearing and vision
- Individuals who speak English as their primary language

If you are interested and would like more information, please contact Dr. Kim Murza at **(970) 351-1084** or email at: **[kim.murza@unco.edu](mailto:kim.murza@unco.edu)**
