

UNC School of Biological Sciences
Plan of Study Thesis Master's

Catalog ____/____

Student's Name:

Today's Date:

Student Bear Number:

* Students must have completed at least four courses in biology and a combined total of three courses in the supporting areas of chemistry, calculus, or physics.

Students must complete 50 credit hours of biology courses collectively between undergraduate and graduate courses

ALL UNDERGRADUATE COURSES IN BIOLOGY

| <u>Course</u> | <u>Credits</u> | <u>Semester/Yr</u> | <u>Grade</u> |
|---------------|----------------|--------------------|--------------|
|---------------|----------------|--------------------|--------------|

ALL UNDERGRADUATE COURSES IN CHEMISTRY, PHYSICS, AND MATH

| <u>Course</u> | <u>Credits</u> | <u>Semester/Yr</u> | <u>Grade</u> |
|---------------|----------------|--------------------|--------------|
|---------------|----------------|--------------------|--------------|

MASTER'S THESIS GRADUATE PROGRAM

Minimum of 30 graduate credits, at least 20 credits in content, only 9 credits total of 508, 513, and 622 can be counted towards the program, only 3 credits of 513 can be counted towards the program, a maximum of 10 of the required 30 credits can be double numbered, advanced electives can be substituted for basic electives.

Put an asterisk by transfer courses (make sure to fill out the graduate school transfer form) and indicate the institution from which the credits are being transferred.

| <u>Course</u> | <u>Credits</u> | <u>Semester/Yr</u> | <u>Grade</u> |
|--|------------------|--------------------|--------------|
| Research Core 4 credits: | | | |
| BIO 691 Seminar in Biological Sciences | 1 (Take 2 hours) | | |
| BIO 594 Foundations of Biological Research | 2 | | |

Content elective credits (15-17 credits):

Enrichment and non-scheduled elective credits (3-5 credits):

Thesis Emphasis 6 credits:

BIO 699 Thesis (a minimum of 6 required and up to 9 can count towards program)

Total credits in Master's Thesis program:
